Subject: Pedersen Family LLC, **Docket # UW-132352**, Request an extension of the effective date

Dear Mr. King:

The WUTC staff has expressed their concern regarding completing the rate increase filing by January 20, 2014. Staff has recommended billing all customers at the same rate and adding a metering rate. To complete these items, I will need to revise the submitted tariff and distribute a new customer letter to all customers.

I want to extend the effective date of filing to February 20, 2014.

To expedite the process, I'm submitting this request electronically with the hard copy to follow.

Cordially,

Martin Pedersen
Pedersen Family LLC
