BACKGROUND

- 1 Washington law requires charter and excursion carriers to file annual reports by May 1 of each year. WAC 480-30-071. On November 23, 2013, the Washington Utilities and Transportation Commission (Commission) mailed a letter to all charter and excursion carriers explaining that it recently adopted a rule changing the annual report due date for those carriers from December 31 to May 1. Regulatory fees remain due on December 31. On February 28, 2014, the Commission mailed annual report forms to all charter and excursion carriers. The forms included a reminder that companies must file their annual reports by May 1, 2014, or face penalties of \$100 for each violation of Commission rules. In the case of continuing violations, each day’s continuance is a separate violation. RCW 80.04.405.
- 2 Palouse Touring Company did not file its annual report on May 1, 2014, and had not made that filing by May 15. On May 27, the Commission assessed a penalty of \$1,000 against Palouse Touring Company, calculated as \$100 per business day from May 1 to May 15.
- 3 On June 19, 2014, Palouse Touring Company responded to the Commission’s penalty assessment admitting the violations and requesting mitigation of the penalty based on the written information provided. The Company explained that its filing was late because, as a new company filing for the first time, it wanted to ensure it submitted accurate data. The Company also stated that it has made several changes to its accounting processes to ensure timely filings going forward.

4 On July 3, 2014, Commission Staff (Staff) filed a response recommending a penalty reduction to \$200 because the Company timely paid its regulatory fee and has no prior violations of WAC 480-30-071.

DISCUSSION

5 WAC 480-30-071 requires charter and excursion carriers to file annual reports by May 1 of each year. Companies are responsible for being aware of applicable Commission rules and complying with their legal obligations. Accordingly, the Company should have been aware of the need to file an annual report by May 1, and prepared accordingly.

6 The Commission nevertheless agrees with Staff's recommendation. The Commission may consider a number of factors when entertaining a request for mitigation, including whether the violation was promptly corrected and the likelihood the violation will recur.¹ Here, the Company timely paid its regulatory fee, and has since filed its annual report. We are satisfied with the Company's representations of the changes it made to ensure future compliance, and have granted mitigation to similarly situated companies in their first year of operation. The Commission will therefore exercise its discretion to reduce the penalty to \$200.
