Re: UT-144138

Dear Mr. King,

Salish Networks, Inc has a pending petition with the Washington Utilities and Transportation Commission (WUTC) for designation as an Eligible Telecommunication Carrier under docket #UT-144138. Staff members from Salish Networks and the WUTC have been working on resolving participation within the State E911 funding mechanism for Salish customers that reside within the boundaries of the Tulalip Indian Reservation. In accordance with the attached letter from the Chairman of the Tulalip Tribes, Salish Networks has been directed to collect and remit to the State of Washington a Tribal E911 fee at the same rate as imposed by the State of Washington.

Sincerely,

Travis Hill
