NOTICE WITHDRAWING PENALTY

RE: Telecom Management, Inc., Commission Staff's Request to Withdraw Penalty Assessment Docket UT-150848

TO ALL PARTIES:

On June 5, 2015, the Washington Utilities and Transportation Commission (Commission) issued and served a Penalty Assessment against Telecom Management, Inc. (Telecom Management or Company) in the amount of \$1,000, alleging violations of WAC 480-120-382, which requires telecommunications companies to file annual reports and pay regulatory fees by May 1 each year.

Telecom Management submitted its annual report on April 29, 2015. That same day, Commission staff (Staff) emailed the Company to clarify whether the filing was confidential because the confidential marking on the annual report form was illegible.

On June 5, 2015, Telecom Management contacted the Commission in response to the penalty assessment and stated that it never received Staff's email. On June 12, 2015, Staff filed with the Commission a request to withdraw the penalty. In its request, Staff notes that its April 29 email was sent to an incorrect email address. Staff also notes that the Company immediately provided clarification when it received the penalty assessment, and the Company's report is now complete.

Because the Company never received Staff's email and had no way of knowing that Staff required clarification, the Commission withdraws the penalty assessed against Telecom Management.

THE COMMISSION GIVES NOTICE that the penalty of \$1,000 assessed against Telecom Management, Inc. is withdrawn and Docket UT-150848 is closed.
