

Financial Hardship Statement 2

The company is having financial hardship at this moment.
The company has just started and has never gotten this kind of ticket by the past.

At the last hearing on March seventh (3/7/16) we have made public and submitted our financial statement as discovery with along other documents.
we had requested that this case be pardoned and dismissed with no condition as there are too many things at stake, we were not heard.

Today, we are submitting 6 other documents for support along with this statement.

We also have others financial obligations that we regret to not be able to submit here.

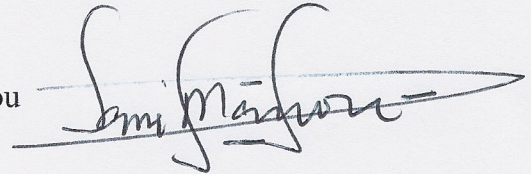

In the matter of medical certificate, it is not we never had one before. It was a matter of **recertification**. As of today we have submitted all required documents (included were two (2) medical certificate) approved by the staff and we are fully in compliance with the federal and the UTC's rules and laws.

My driver Kuba and I have been and still are in an excellent health condition.

We respectfully request all categories to be treated with same fairness and without condition and the case be closed.

Sincerely and respectfully,
yours.
