

**BEFORE THE WASHINGTON
UTILITIES AND TRANSPORTATION COMMISSION**

In the Matter of a Penalty Assessment Against	DOCKET UT-160578
OPERATOR SERVICE COMPANY, LLC	ORDER 01
in the amount of \$1,000	ORDER GRANTING MITIGATION TO \$250

BACKGROUND

- 1 On February 29, 2016, the Washington Utilities and Transportation Commission (Commission) mailed annual report and regulatory fee forms to all regulated telecommunications companies. The forms included a reminder that companies must file their annual reports and pay their regulatory fees by Monday, May 2, 2016, or face penalties of \$100 for each violation of Commission rules. In the case of continuing violations, each day's continuance is a separate violation. RCW 80.04.405.
- 2 Operator Service Company, LLC (OSC or Company) did not file its annual report on May 2, 2016, and had not made that filing by May 16. On June 7, OSC filed a complete annual report and paid the required regulatory fee. On June 15, the Commission assessed a penalty of \$1,000 against OSC, calculated as \$100 per business day from May 2 to May 16.
- 3 On June 21, 2016, OSC responded to the Commission's penalty assessment, admitting the violations and requesting mitigation based on the written information provided. The Company explained that it recently insourced its regulatory obligations from its agent and was not receiving important communications in a timely manner.
- 4 On June 27, 2016, Commission staff (Staff) filed a response recommending a penalty reduction to \$25 per day, or \$250, because the Company has been active since 1992 and has no prior violations of WAC 480-120-382.

DISCUSSION

- 5 WAC 480-120-382 requires regulated telecommunications companies to file annual reports and pay regulatory fees by May 1 of each year, or the first business day thereafter. Companies are responsible for complying with their legal obligations, and the Company should have ensured its annual report was timely filed.
- 6 The Commission nevertheless agrees with Staff's recommendation. The Commission may consider a number of factors when entertaining a request for mitigation, including whether the violation was promptly corrected, a company's history of compliance, and the likelihood the violation will recur.¹ Here, OSC corrected the violation by filing its annual report and paying its regulatory fee prior to receiving the penalty assessment. In addition, this is the Company's first violation of WAC 480-120-382 since it became regulated in 1992; given its extensive history of compliance, the violations are unlikely to recur. In light of these factors, the Commission will exercise its discretion to reduce the penalty to \$250.

ORDER

THE COMMISSION ORDERS:

- 7 (1) Operator Service Company, LLC's request for mitigation of the \$1,000 penalty is GRANTED in part, and the penalty is reduced to \$250.

- 9 The Secretary has been delegated authority to enter this order on behalf of the Commissioners under WAC 480-07-904(1)(h).
