In September of 2017 the commission staff received a notice from the Department of Health that Shirona water system was under new ownership and appeared to fall under commission jurisdiction by virtue of having over 100 customers. Consumer protection staff contacted Shirona Water Company, LLC (Shirona or company) on November 16, 2017, and determined that the company did fall under commission jurisdiction, per WAC 480-110-255, and instructed the company to file an initial tariff. On January 12, 2018, Shirona filed its initial tariff as directed. The company is located on Whidbey Island and serves 102 customers.

Staff reviewed the initial tariff filing as filed. The rates the company proposes are the rates that were in effect before the company fell under regulation. The table below contains the company's current rates.
