The purpose of this filing is to provide substitute tariff sheets reflecting a change in effective date of the tariff sheets from March 1, 2018, to June 1, 2018. This change to these tariff sheets is being made following discussions with the Washington Utilities and Transportation Commission (“WUTC”) Staff.

In order to provide certainty and advance notice to the building industry, PSE proposes the updated line extension costs and charges and Margin Allowance amounts to be effective on September 1, 2018, as indicated on the proposed tariff sheets. This change is also being made following discussions with the WUTC Staff. PSE has plans to continue discussions with members of the building industry to make them aware of this filing and the proposed update to the line extension charges and costs and the Margin Allowance amounts.

These tariff changes do not increase recurring charges or restrict access to services. The tariff sheets described herein reflect an issue date of January 31, 2018, and an effective date of June 1, 2018. Notice and posting of the proposed tariff changes, as required by law and the WUTC rules and regulations, is being given to the public immediately prior to or coincident with the date of this transmittal letter, through web, telephone, and mail access in accordance with WAC 480-100-193(1). Furthermore, PSE provides a cost quote to individual customers who request facility extension or modification prior to construction.

Please contact Mei Cass at (425) 462-3800 for additional information about this filing. If you have any other questions please contact me at (425) 456-2110.

Sincerely,

*/s/ Kenneth S. Johnson*
