UTIL. AND TRANSP.
COMMISSION

In Docket TR-180110, the Commission approved upgrades to the crossing surface at USDOT 066214B by Order 01, effective February 3, 2018. The Order, in §12(3) states:

Upon completion of the modifications authorized herein, the County must notify the Commission within 60 days. Acceptance of the changes is subject to inspection by Commission Staff, verifying that the crossing is in full compliance with applicable laws, regulations, and the conditions specified herein.

The County did not notify the Commission of completion of the project. However, a review of Commission records shows that Rail Safety staff inspected the crossing on November 14, 2019. Records and photographs show upgrades to the crossing surface are complete and in compliance with Order 01 in TR-180110.

This matter is now closed.
