

1600 127th Avenue, Bellevue, WA 98005

Dear Valued Multi Family Customer,

Many of you may have been hearing in the news about the market conditions of the recyclables. The cost to process the recycle material into a marketable product has risen rapidly following China's ban on contaminated material. Due to the volatility and unpredictability of these impacts, rather than a permanent increase to recycling collection rates, we believe a temporary surcharge is an appropriate mechanism for managing increased processing costs.

This is to notify you of a proposed rate surcharge to our recycling collection rates for residential customers in the Allied Waste of Kent areas of King County. Should the Washington Utilities and Transportation Commission approve our request the surcharge will become effective July 1, 2018, and will be in effect for 180 days. If the recycling markets continue to be volatile, the surcharge can be renewed (either higher or lower) than the initial surcharge of \$0.23 per yard. The company will be required to reapply to the UTC for the surcharge after one year.

If you have questions about the proposed rate increase you may contact the company at (206) 682-9735.

The commission has the authority to set final rates that may be either lower or higher from the company's request, depending on the results of its investigation. Commission staff will make a recommendation to the commissioners at an open meeting in Olympia, which is scheduled for 9:30 a.m. on June 28, 2018. You will have an opportunity to comment in person at this meeting. The UTC is committed to providing reasonable accommodation to participants with disabilities. If you need reasonable accommodation, please contact the commission at (360) 664-1132 or human_resources@utc.wa.gov. If you are unable to attend the open meeting, the commission has a bridge line which enables you to participate or listen by telephone. Call 360-664-1234 for instructions the day before the open meeting. You can also comment by using the "Public Comment" feature at the commission's Web site at utc.wa.gov or by using the contact information below.

Washington Utilities and Transportation Commission
1300 S. Evergreen Park Drive SW
P.O. Box 47250, Olympia, WA 98504-7250
