Is it possible to get an extension on this grant, currently scheduled to expire in January?

Our supplier GNB Exide was supposed to have shipped our batteries to us this month but we have just been advised this morning that delivery will be delayed until February.

We could consider another supplier, but the GNB is what we would prefer.

Please advise.

Hi Mike,

I have executed the agreement; a copy is attached.

Dear Mr. Anderson,

The commission approved your GCPF application for the gate actuator batteries today. Please see the attached order and project agreement. (A signed copy will be kept on file in our Records Section here.) Please sign the project agreement and return it to me and you'll be all set to proceed.

When the project is completed, follow the procedures for reimbursement outlined on our website here:

<https://www.utc.wa.gov/publicSafety/railSafety/Pages/gradeCrossingProtectionFundGrants.aspx>

Your other two project requests will follow a different approval process but they are in the pipeline.

Mike Turcott
