**Re: Docket UG-200299 (Advice No. 2020-12)
PSE Natural Gas Tariff Filing - Do Not Redocket**

Dear Mr. Johnson:

Puget Sound Energy (“PSE”) submits in connection with Docket UG-200299, a corrected natural gas rate design work paper to replace the work paper which accompanied PSE’s March 31, 2020 filing submitted under PSE’s Advice No. 2020-12. The updated work paper reflects the final gas earnings sharing test results provided in PSE’s Commission Basis Report filing submitted under Docket UG-200295. There is no impact to the decoupling rates originally filed in this docket as PSE’s original submission in this docket using the preliminary work paper showed no excess earnings for the twelve months ending December 31, 2019, consistent with the final work papers in Docket UG-200295 which also showed no excess earnings.

Please contact Julie Waltari at 425-456-2945 for additional information about this filing. If you have any other questions, please contact me at (425) 456-2142.

Sincerely,

/s/ Jon Piliaris
