RE: Sound Disposal, Inc., G-82, Commodity Credit Revision Filing

Dear Secretary:

We are filing proposed revised tariff, Pages No. 1 Check Sheet, No. 21 Item 100-Residential Service-Monthly Rates and No. 24 Item 105-Multi-Family Service-Monthly Rates for Tariff No.12 on behalf of Sound Disposal, Inc., G-82. Due to the volatility in the recycling commodity markets we may now request a waiver from WAC 480-70-351(2). The calculation used the most recent 12-month historical period to estimate the recycling commodity revenue and commodity credit for the next twelve months.

This filing proposes a residential recycling commodity adjustment of \$4.11 per single family residential customer and multi-family adjustments of \$1.86 per 96-gallon pickup and \$6.83 per 1.25-yard pickup. This is a decrease of \$1.93 per residential customer and new rates for multi-family customers from the previous filing. The Company previously filed a commodity adjustment that was effective September 1, 2019.

We are requesting the proposed effective date for the tariff revisions to be September 1, 2020. We are requesting less than statutory notice for this filing due to time constraints of our workload at this time. We worked with staff to ensure an accurate calculation of the disposal fee increase prior to filing. We are including the LSN Form as required.

Enclosed for staff review are the accounting work papers for this filing and pricing support.

My authority to file on behalf of Sound Disposal, Inc. is on record. If there are any questions please contact me via phone at 360-425-8000, fax at 360-425-8005 or email jdavis@boothdavis.com.
