**RE: Updated 2021 Clean Energy Implementation Plan Public Participation Plan
Compliance with WAC 480-100-655
Docket UE-210297**

Dear Mr. Johnson:

Attached please find a Public Participation Plan update for Puget Sound Energy's ("PSE") 2021 Clean Energy Implementation Plan ("CEIP"). It is filed pursuant to the Washington Utilities and Transportation Commission rules under WAC 480-100-655(2) and General Order 610, paragraphs 152 and 153, in Dockets UE-191023 and UE-190698. The Public Participation Plan includes a description of public participation and education methods and goals and an anticipated schedule of public participation events and activities for PSE's first CEIP. This update includes a new chapter outlining planned activities related to the revised CEIP schedule approved on August 19, 2021 in UE-210571 Order 01.

PSE is conducting the 2021 CEIP public participation process during the COVID-19 pandemic. With safety as our top priority and due to uncertainty concerning social distancing and other public health directives, PSE is generally planning to continue to utilize online engagement techniques and virtual events for the CEIP public participation process in 2021.
