The Washington Utilities and Transportation Commission (Commission) believes that Allied Resources Group (Allied or Company) has violated the Revised Code of Washington (RCW) 19.122.030(1) and (2) by failing to determine the precise location of a marked water line. RCW 19.122.070(1) states, in part, that violations of any provision of the chapter are subject to a civil penalty of not more than \$1,000 for an initial violation and not more than \$5,000 for each subsequent violation within a three-year period.

The Commission reviewed findings and recommendations made by the Washington State Dig Law Safety Committee (Safety Committee) and hereby notifies you that it is assessing a \$1,000 penalty (Penalty Assessment) against you on the following grounds:

On April 27, 2022, the Safety Committee heard the complaint about case 21-151 against Allied and determined that the Respondent violated RCW 19.122.030(1) An excavator must mark the boundary of the excavation area with white paint applied on the ground of the worksite, then provide notice of the scheduled commencement of excavation to all facility operators through a one-number locator service; and (2) An excavator must provide notice to a one-number locator service not less than two business day before the scheduled date of excavation.

Commission staff (Staff) conducted an investigation that included reviewing documents, reports, and emails submitted by the Safety Committee, and a review of the One-Call center database. The evidence showed that on November 10, 2021, Allied struck a waterline operated by the City of Longview while excavating without a valid locate ticket. During the review, Allied explained they believed they knew where all the lines were as they had been working in the area for a long time.

Staff agrees with the Safety Committee's findings of probable violation and agrees with the penalty recommendation of a \$1,000 penalty for two violations of RCW 19.122.030. Staff recommends allowing the Company the opportunity to suspend

an \$800 portion of the penalty amount subject to the conditions that: 1) Allied supervisors and field crew responsible for excavation complete Dig Safe Training provided through the National Utility Contractors Association (NUCA) within 45 days of the date the Commission issues the notice of penalty, 2) the Company incurs no additional dig law violations within 12 months of the date of the penalty notice, and 3) the Company pays the \$200 portion of the penalty that is not suspended within 15 days of the Penalty Assessment.

The Commission agrees with Staff's recommendation and assesses a \$1,000 penalty with an offer to suspend an \$800 portion of the penalty subject to the conditions listed above.

These facts, if not contested or if proved at a hearing and not rebutted or explained, are sufficient to support the penalty assessment.

Your penalty is due and payable now. If you believe either of the violations did not occur, you may deny committing the violation(s) and contest the penalty through evidence presented at a hearing or in writing. Or, if there is a reason for the violation(s) that you believe should excuse you from the penalty, you may ask for mitigation (reduction) of the penalty through evidence presented at a hearing or in writing. The Commission will grant a request for a hearing only if material issues of law or fact require consideration of evidence and resolution in a hearing. Any request to contest the violation(s) or for mitigation of the penalty must include a written statement of the reasons supporting that request. Failure to provide such a statement will result in denial of the request. *See* RCW 81.04.405.

If you properly present your request for a hearing and the Commission grants that request, the Commission will review the evidence supporting your dispute of the violation or application for mitigation in a Brief Adjudicative Proceeding before an administrative law judge. The administrative law judge will consider the evidence and will notify you of their decision.

You must act within 15 days after receiving this Penalty Assessment to do one of the following:

- Pay the \$1,000 penalty amount due; or
- Pay \$200, and notify the Commission that you accept the offer to suspend the \$800 portion of the penalty amount subject to the following conditions:
 - Allied management and field crew responsible for excavation must complete NUCA Dig Safe Training (<https://utc-9183.quickbase.com/db/bpkt6vndh>) within 45 days of service of this Notice; and
 - **The Company must submit documentation of that attendance to the Commission within 5 days of attending training;** and
 - Allied must not incur any additional violations of RCW 19.122 within 12 months of the date of this Penalty Assessment; or.
- Request a hearing to contest the occurrence of the violation; or
- Request mitigation to reduce the amount of the penalty.

Please indicate your selection on the enclosed form and file it with the Washington Utilities and Transportation Commission, at records@utc.wa.gov, **within FIFTEEN (15) days** after you receive this Penalty Assessment.

If you do not act within 15 days, the Commission may refer this matter to the Office of the Attorney General for collection. The Commission may then sue you to collect the penalty.

DATED at Lacey, Washington, and effective June 22, 2022.
