The Address History Trace results for this applicant differ from submitted applicant information. This may be due to typos in the submission, please feel free to contact us if you'd need help double checking what you entered. It may also be because these results are generated from commercial sources that are prone to errors and inaccuracies.

If the number submitted is accurate, we recommend performing a Consent Based Social Security Number Verification (CBSV) to check against the SSA's records. With the consent of the SSN holder, a CBSV can verify that the SSN holder's name, date of birth, and SSN match SSA's records. CICS can now provide CBSV checks for you for an additional \$5 fee. Contact us for more information on CBSV or view the special consent form needed to perform CBSVs here: <https://tinyurl.com/CBSVAuth>
