RE: ETC Designation Orders

Dear Ms. Washburn:

During a review of our files, we have discovered that we are missing one of the Orders designating the incumbent eligible telecommunications carriers (ETCs) in Washington for Federal universal service support. Please note that these are not the annual certification documents due October 1, but the original orders from state commissions designating incumbent ETCs (and the service areas for non-rural carriers) as outlined in FCC Public Notice 97-1892*.

Please mail or email copies of the original orders for the following study area / carrier to the High Cost Program at the address below or hcinfo@usac.org. The orders are not required to be paper copies, i.e., electronic copies in common formats (pdf, doc, tif) are acceptable.

ST	SAC	Study Area Name
WA	522408	CenturyTel of Washington, Inc.

We apologize for this inconvenience and appreciate your assistance in ensuring that USAC has the appropriate documentation on hand. If you have any questions, please feel free to email or call us.

Sincerely,

High Cost Program Management
