Lisa,

I was looking in RMS under TV-060980 and noticed I must have failed to send an email to Records Center saying that Affordable Moving Services, Inc.'s penalty was written off when their permit was canceled back in October 2006. There were a couple we received permission to write off. I'm not sure if I failed to let you guys know on just this one or others. What I'm doing now is comparing the penalties spreadsheet Kristine maintains to RMS to make sure my records are correct before sending out delinquent letters to those companies that have yet to pay. When, hopefully if, I come across others, would you like me to let you know or should I be notifying someone else?

Thanks,
Sheri

Subject Affordable Moving Services, Inc.

Sally,

On July 5, 2006, in docket TV-060980, Affordable Moving Services, Inc. was issued a \$100 penalty assessment for failing to file its 2005 Annual Report by May 1, 2006. The company did not request mitigation of the penalty and has not paid it either. On October 3, 2006, the commission canceled permit HG-11856 issued to Affordable Moving Services, Inc., for lack of proper insurance on file.

I am requesting your permission to have the \$100 penalty assessment written off as Affordable Moving Services, Inc. no longer has a valid household goods moving permit and collection of the debt is unlikely.

Thank you,
Sheri
