RE: *WUTC v. Sandy Point Improvement Company*
Docket UW-121408

Dear ALJs Moss and Watson:

Commission Staff and Sandy Pont Improvement Company request an extension of the filing deadline for replies to the motions for summary determination. The current filing deadline is May 20, 2013. We request an extension to May 28, 2013. We are discussing some procedural issues that could impact the case. Mr. Rehberger consented for me to communicate this request on his client's behalf. We appreciate your favorable consideration of this request.

Sincerely,

DONALD T. TROTTER
Assistant Attorney General
