SMACNA DATA REQUEST NO. 003:

RE: Literature survey referenced in Dr. Faruqui's testimony

In his testimony, Dr. Faruqui indicated that he undertook a review of the academic and industry literature (page 1, lines 16-17). In that review, did Dr. Faruqui, or staff working with him on the review, find any studies or documents relating to lease programs by utilities, whether investor-owned or publicly owned, or in the United States or outside the United States? If so, please provide a copy of such documents (or if available on-line, a link to it) and any other identifying information.

Response:

Dr. Faruqui did not find any documents that discuss lease programs by utilities through his review of the academic and industry literature.
