**RE: UE-160353—2017 Integrated Resource Plan—Informational Filing
Draft 2017 Renewable Request for Proposals**

Pacific Power & Light Company (Pacific Power or Company), a division of PacifiCorp, submits PacifiCorp's Draft 2017 Renewable Request for Proposals (2017R RFP) to the Washington Utilities and Transportation Commission.

While the Washington solicitation process rules do not apply to PacifiCorp's 2017R RFP because of the timing of these projects, Pacific Power committed to provide the Washington Commission with informational filings on the same timeline that documents are provided to the Public Utility Commission of Oregon. As discussed in the May 28, 2017 meeting with Commission staff and the July 11, 2017 Recessed Open Meeting, the company's intent is to keep the Commission and stakeholders in Washington updated on the progress of the 2017R RFP by providing these informational filings in this docket.

Pacific Power will provide the independent evaluator report on the draft RFP on August 10, 2017.

Please direct questions to Jason Hoffman, Regulatory Projects Manager, at (503) 331-4474.

Sincerely,

Etta Lockey
Vice President, Regulation
