**Re: Docket UE-210220: PSE’s 2021 All-Source RFP Proposal Summary Report**

Dear Ms. Maxwell:

Puget Sound Energy (“PSE”) issued an All-Source RFP (the “2021 RFP”) on June 30, 2021 with responses due on September 1, 2021. Consistent with the requirements of Washington Administrative Code 480-107-035(5), PSE posted a proposal summary report on October 1, 2021 to its public RFP website ([www.pse.com/rfp](http://www.pse.com/rfp)). PSE is also providing this information in Docket UE-210220 as an informational filing, in an effort to make this information more broadly available to interested stakeholders. Please see Attachment A for the proposal summary report and associated appendix.

The information contained in this summary report is based on the original proposal information provided to PSE at the close of the bidding period on September 1, 2021. Where information is missing, the field has been left blank in the attachment provided. PSE will work to address these issues and reconcile other known inconsistencies in the proposal forms with bidders through its data request process. As PSE performs its Phase 1 analysis and learns more through data request responses, it is possible that certain information, such as resource types may be updated. Any updates made to this report will be posted on PSE’s All-Source RFP website ([www.pse.com/rfp](http://www.pse.com/rfp)).

If you have any questions about the information contained in this filing, please contact Sheri Maynard, Commercial Development Manager, at 425-462-3114. If you have any other questions, please contact me at (425) 456-2142.

Sincerely,

*/s/ Jon Piliaris*
