10. MISCELLANEOUS SERVICE OFFERINGS

10.7 CALLER IDENTIFICATION BLOCKING OPTIONS

(D)

(D)

A. Caller Identification Blocking - Per Call

1. Description

Caller Identification Blocking - Per Call, enables a customer to control the disclosure of their name and/or telephone number to a subscriber of Caller identification (where technically feasible) by temporarily changing the public/private status indicator of the telephone number. A customer must dial a code before each call to change the indicator from public to private. "Public Status" allows delivery of the name and/or telephone number. "Private Status" prevents delivery of the name and/or telephone number. Per Call Blocking is provided at no charge.

2. Terms And Conditions

a. Liability

The Company cannot guarantee that Caller Identification Blocking will be successful. The Company shall not be liable for any damages whether consequential, incidental, or special.

3. Rates And Charges

- Residence[1]

	USOC	MONTHLY RATE	
- Caller Identification Blocking, per call	N/A	-	(N) (T)

[1] Caller Identification Blocking for business is found in the Exchange and Network Services Catalog. (N)
(N)

10. MISCELLANEOUS SERVICE OFFERINGS

10.7 CALLER IDENTIFICATION BLOCKING OPTIONS (Cont'd)

B. Caller Identification Blocking - Per Line

(D)

(D)

1. Description

Caller Identification Blocking - Per Line provides a permanent private indicator on a customer's line. Once blocking is established on the customer's line, the private status can be deactivated by the customer by dialing a code, *82 or 1182 on rotary phones, before each call, to change the indicator from private to public. This one call unblock allows the name and number to be sent for that one call only.

If a line is equipped with Caller Identification Blocking - Per Line, the name and number of that line will not be delivered to any subscriber of Caller Identification. Poison control centers, hospitals, medical centers and others who might use Caller Identification will not be able to identify callers with Caller Identification Blocking - Per Line who need assistance. E911 is not affected.

2. Terms And Conditions

a. Liability

The Company cannot guarantee that Caller Identification Blocking will be successful. The Company shall not be liable for any damages whether consequential, incidental, or special.

10. MISCELLANEOUS SERVICE OFFERINGS

10.7 CALLER IDENTIFICATION BLOCKING OPTIONS

B. Caller Identification Blocking - Per Line (Cont'd)

3. Rates And Charges

Customers who choose Caller Identification Blocking - Per Line for the first time, or when one of the following conditions occurs, will not be charged the nonrecurring charge:

- The customer is ordering new exchange access line service (See Section 5).
- The customer is moving their exchange access line service from one address to another address within Washington.

Caller Identification Blocking - Per Line will always be provided free to law enforcement, domestic violence agencies, and crisis intervention agencies (including sexual abuse agencies).

Upon certification by domestic violence agencies, crisis intervention agencies or sexual abuse agencies, volunteers working for those agencies also qualify for free line blocking.
