**Re: Advice No. W18-07-01, Supplemental Compliance Filing
UG-170929, Cascade Natural Gas Corporation General Rate Case**

Dear Mr. Johnson,

On July 25, 2018, Cascade Natural Gas Corporation (Cascade or Company) submitted Advice No. W18-07-01 in compliance to Commission Order No. 06, issued in UG-170929. On July 27, 2018 Cascade supplemented the compliance filing which was approved. The Company now supplements its July 27, 2018, filing with the following **revised** sheet to its Tariff WN U-3, which are stated to become effective August 31, 2018:

Fourth Revision Sheet No. 25

All other sheets **remain** as submitted on July 25 and July 27, 2018 and as approved.

The purposed of the revised schedule is to update the decoupling baseline revenue per customer per month. After the compliance tariffs were approved it was discovered that the revenues per customer were based on a billed therm basis not on a usage basis. The only change being proposed is to reallocate the allowed monthly revenues per customer to match the volumes on a usage basis. This filing does not impact the overall revenue requirement or any approved rate to customers in the filing.

The following files are electronically submitted as part of this filing:

UG-170929, CNG Revised Tariff, 8.24.18.pdf
UG-170929, CNG Revised Legislative Trf, 8.24.18.pdf
UG-170929, Decoupling Baseline Revised WP, 8.24.18.xlsx

Questions regarding this filing should be directed to Michael Parvinen at (509) 734-4593.

Sincerely,

/s/ Michael Parvinen
