RE: *Washington Utilities and Transportation Commission v. Cascade Natural Gas Corporation*, Docket UG-170929

TO ALL PARTIES:

On August 31, 2017, Cascade Natural Gas Corporation (Cascade or Company) filed with the Washington Utilities and Transportation Commission (Commission) revisions to its currently effective Tariff WN U-3 for natural gas service the Company provides in Washington.

On July 20, 2018, the Commission issued Order 06, Final Order Rejecting Tariff Sheets; Resolving Contested Issue; Approving and Adopting Settlement Agreement; and Authorizing and Requiring Compliance Filing (Order 06). Order 06, among other things, required Cascade to file revised tariff sheets in compliance with Order 06 no later than five days before their stated effective date. Cascade filed revised tariff sheets in compliance with Order 06, and the Commission approved them on July 31, 2018.

On August 24, 2018, Cascade filed with the Commission supplemental tariff sheets that correct its monthly authorized revenue under the decoupling mechanism. The supplemental tariff sheets have a stated effective date of August 31.

On August 30, 2018, Commission staff (Staff) filed a letter stating that Staff had reviewed the revised tariff sheets. Although the tariff revisions correct an error in the Company's monthly authorized revenue, they do not affect the revenue requirement or approved customer rates. Staff recommends the Commission approve the revised tariff sheets as filed.

The Commission has reviewed the supplemental tariff sheets filed on August 24, 2018, and finds that they comply with Order 06. The Commission approves the revised tariff sheets, which will become effective on August 31, 2018.

MARK L. JOHNSON
Executive Director and Secretary
