Dear Commissioners,

I have lived in Washington state for 36 years and am a member of [350.org](#). I am writing to you now to ask you to do everything you can to ensure that everyone in this state has access to stable, debt-free utility service during this pandemic and fires.

- 1) Extend the moratorium on utility shut offs through the end of 2020
- 2) Eliminate debt for poor and working class families
- 3) Do not permit late fees, disconnection fees or reporting to credit agencies
- 4) Require utilities to cut executive pay or stockholder dividends to ensure the basic health and safety of all are met.

Thank you!
