**Re: In the Matter of Puget Sound Energy's Petition to Amend Order 02 to Add Provisions Governing Highly Confidential Information Docket UE-210795**

Dear Director Killip:

Enclosed for filing is the *Petition of Puget Sound Energy to Amend Order 02 to Add Provisions Governing Highly Confidential Information* (the Petition). The Washington Utilities and Transportation Commission (Commission) issued Order 02, on May 12, 2022.

Revised Code of Washington (RCW) 19.405, Washington's Clean Energy Transformation Act, requires electric investor-owned utilities such as Puget Sound Energy (PSE) to develop a clean energy implementation plan (CEIP) every four years. Each electric investor-owned utility must also make a biennial CEIP update filing on or before November 1<sup>st</sup> of each odd-numbered year the utility does not file a CEIP. PSE filed its first CEIP with the Commission on December 17, 2021, and the Commission approved PSE's 2021 CEIP subject to conditions on June 6, 2023, in Order 8. PSE timely filed its 2023 biennial update on November 1, 2023, and the Commission approved PSE's 2023 biennial update on March 25, 2024, in Order 12. PSE is concurrently filing a petition seeking an order amending Order 08 and Order 12 with supporting analysis that includes highly confidential information as defined in RCW 480-07-160(2)(d).

Included with this filing are the following documents:

- The Petition
- Certificate of Service
