

To whom it may concern,

While unable to attend the July 1 Kingston public comment meetings, ironically in part due to being unable to get to downtown Seattle from Kingston and back in a quick fashion, I read with tremendous relief the UTC decision to throw out the State ferry system union arguments.

I trust that the final decision that UTC makes regarding customer-financed Kingston to Seattle ferry service will keep in mind the needs of the community that the ferry is intended to serve.

Thank you for your time,

Respectfully,
Justin K Mahaffa, Kingston resident
