Re: Docket Number TG-081576, FREEDOM 2000, LLC

Attention: Penny Ingraham, Lead Staff

Dear Commissioners:

You have currently under review the subject Docket Number TG-081576, the application for a solid waste permit by Freedom 2000, LLC. If you will approve this application-- our community of Point Roberts will be served well.

Over the past years I have done business with the applicant, David Gellatly, as have our neighbors. We are uniform in requesting that his application be approved as our experiences with him prove that:

He will do what he says he will do when he says he will do it.

In the field of foreign exchange, as in the field of solid waste, this characteristic is of prime importance.

I have personal experience as a foreign currency trader and in doing business with solid waste firms over some years. Thus, I feel confident in making the statement that I do.

Thank you for your attention to this very serious matter for the citizens and property owners of Point Roberts.

Sincerely yours,

Hamilton K. Pyles
