Re: Update on Tariff Filing – Additional Request General Rate Filing for American Disposal Company, Inc.
d/b/a Vashon Disposal, G-87 – Request for Leave to Lift Suspension Status in Order to Allow General
Rate Filing

Dear Mr. Danner:

In addition to a Petition for Exemption being filed today to accompany the general rate filing of American Disposal Company, Inc. d/b/a Vashon Disposal ("Vashon Disposal"), we are now respectfully requesting, pursuant to Order No. 1 TG-111674, *In re Washington Utilities and Transportation Commission v. American Disposal Company, Inc.*, G-87, (Oct. 2011), paragraph 28, that the Commission authorize this general rate filing which proposes changes in general rate levels for the enclosed filing that also reflects increased disposal fees to be implemented as of January 1, 2013.

Because of the current suspension order involving commodity credits and revenue share program adjustments for American Disposal (in which Vashon Disposal does not presently participate), we believe this request to allow the general rate filing is appropriate and consistent with the public interest and request that you or the Staff notify us if you have any further questions regarding the procedural posture of this filing. Thank you in advance for your attention to this matter.

Yours truly,

David W. Wiley
