1 On February 6, 2002, Qwest Corporation presented to the Commission for filing, under its Advice No. 3285T, revisions to its currently effective tariff WN U-44. The proposal's effective date is March 8, 2002. We have examined the proposed tariff filing and the order on which the company says this filing is based. The proposed tariff appears to fail to comply with the order on its face because it does not provide for a refund retroactive to April 15, 1997. *Fifth Supplemental Order*, Docket No. UT-970658 (March 23, 1999). See, Findings of Fact 6 and 8, p.24; Conclusions of Law 2 and 3, p. 25; and Ordering paragraph 1, page 25, *Id.*

ORDER

2 The above tariff revisions, presented for filing on February 6, 2002, are rejected in their entirety, in accordance with WAC 480-09-340(4)(a)(ii).

DATED at Olympia, Washington and effective this 7th day of March, 2002.
