I am writing to support 100% use of in clean renewable wind and solar power. They are cheaper and cleaner than fossil fuel. We DO NOT need further coal use to pollute our air and environment. Not only does PSE charge us more but they want to continue to pollute. I do not want to pay for a gas plant we do not need.

Let us ALL work together to prevent "catastrophic climate change."
Thank you for your work and hoping you do the Right Thing" and vote no on further coal pollution.

Sincerely,

Carol Ireland McLean
