RE: 2010 Qualifying Storm Events
(Submitted via the Washington Utilities and Transportation Commission's Records
Center Web Portal electronic-filing system and by regular U.S. mail)

Dear Mr. Danner:

Pursuant to paragraph 246 of Final Order No. 6, Docket Nos. UE-040641 and UG-040640, and paragraph 58 of Final Order No. 12, Docket Nos. UE-072300 and UG-072301, Puget Sound Energy, Inc. ("PSE" or "the Company") hereby provides notification that restoration costs for the first and second qualifying storm events in 2010 have been incurred. Wind storms on January 18, 2010, and March 16, 2010, resulted in the first and second qualifying event costs to be accrued toward the \$8 million threshold for 2010. At this time, PSE's qualifying event costs still remain well below the threshold for deferral treatment, and this advisory is being provided for informational purposes only.

The Company will later submit informational Qualifying Storm Event Reports, since the storms will count towards the threshold, in accordance with the above-referenced proceeding.

If you have any questions regarding this informational filing, please contact me at (425) 456-2797.

Very truly yours,

Tam DeBuen
