**RE: UE-160353—2017 Integrated Resource Plan—Informational Filing
Energy Vision 2020 Update**

On August 2, 2017, Pacific Power & Light Company, a division of PacifiCorp, submitted an informational filing with an update to PacifiCorp's 2017 Integrated Resource Plan (IRP). The filing contained supporting workpapers which were confidential in their entirety. However, the required confidential placeholders for the supporting workpapers were inadvertently excluded from the August 2, 2017 informational filing.

Enclosed is the Company's full informational filing for resubmission. The informational filing provides an updated economic analysis and related discussion on the wind repowering and new transmission and wind projects included in the 2017 IRP. This filing is provided as informational only. PacifiCorp committed to provide these materials at the July 11, 2017 Recessed Open Meeting.

The Company also submits with this filing supporting workpapers. The files for the confidential supporting workpapers are voluminous and will be provided on CD.

Please direct questions to Jason Hoffman, Regulatory Projects Manager, at (503) 331-4474.

Sincerely,

 /s/
