Re: *In Re Application of DTG Enterprises, Inc. for Solid Waste Collection Services*  
Docket TG-240584

Dear Mr. Killip:

Parties met on December 10, 2024, for a settlement conference pursuant to the procedural schedule. Parties did not settle the matters in this docket. Parties did not agree to a proposed procedural schedule and the prehearing order, Order 01 requires that “in the event that consensus cannot be reached, each party will submit proposed procedural schedules, and the presiding officer shall set a schedule by subsequent order.”

As an intervenor, WRRA intends to follow the procedural schedule developed by the named parties in the docket. From WRRA’s perspective, any enforcement action, or at least the issues raised therein should be resolved prior to a pending application due to applicant fitness and enforcement history as a key factor under consideration in the application.

Sincerely,

Rod Whittaker, WSBA No. 48336
