**SUBJECT: Cost of Service**

**REQUEST:**

Has Avista performed a cost of service study showing parity ratios for customer classes since the RY2 rates from Docket UE-220053 went into effect? If so, please provide these parity ratios and all supporting workpapers. If not, please perform such a study or provide the data necessary to perform such a study.

**RESPONSE:**

No. Avista has not performed an updated cost of service study with RY2 rates from Docket UE-220053 went into effect, as the settlement and final Order per Docket UE-220053 was results oriented, and therefore we are unable to functionalize the revenue requirement at the level of detail necessary to update the study.

Attached is the original cost of service study filed in that docket as “AWEC-DR-125 Attachment A”. The RY2 rates and revenue requirement were included as Attachment A to the Settlement stipulation approved in Final Order 10/04.
