Secretary  
WUTC  
PO Box 47250  
Olympia, Wa 98504-7250

Dear Secretary:

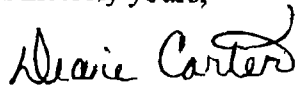

This is a transmittal letter requesting a change in our G-Certificated area. This is due to the WUTC redoing the map of our certificate.

We are asking for this change to our tariff as we have been providing service for our customers in our area that does not show on the old map. We are also asking to have an area that currently no people reside in added to our map. We want to provide service to this area in the future.

We ask that you refer to docket #TG-030813. We have enclosed revised title page 1, check sheet page 2, and the attached permit appendix A.

If you have any further questions, please contact me. Our e-mail address is [pss@willapabay.org](mailto:pss@willapabay.org).

Sincerely yours,

Diane Carter  
Manager
