	,	

On August 1, 2006, Cost Management Services, Inc. (CMS), filed with the Washington Utilities and Transportation Commission (Commission) a complaint against Cascade Natural Gas Corporation (Cascade). The complaint asserts that Cascade is violating state and federal law by selling natural gas at retail to customers that take transportation only service. On August 22, 2006, Cascade filed an answer to the complaint. Cascade requests that the Commission dismiss the complaint or not conduct an adjudicative hearing.

- STATUTORY AUTHORITY: The Commission has jurisdiction over this matter under Title 80, and has legal authority to regulate gas companies. The statutes that apply to this matter include chapters 80.01 RCW, 80.04 RCW and 80.28 RCW relating to rates, including but not limited to RCW 80.28.010RCW 80.01.040, RCW 80.04.020, RCW 80.28.050, RCW 80.28.090, and RCW 80.28.100. The rules that apply to this matter include those within chapter 480-90 WAC, relating to the operations of gas companies.
- The Commission will hear this matter under the Administrative Procedure Act (APA), particularly Part IV of chapter 34.05 RCW relating to adjudications. The provisions of the APA that relate to this proceeding include but are not limited to RCW 34.05.413, RCW 34.05.422, RCW 34.05.431, RCW 34.05.440, RCW 34.05.449, and RCW 34.05.452. The Commission will also follow its procedural rules in chapter 480-07 WAC in this proceeding.
- THE COMMISSION GIVES NOTICE That it will hold a prehearing conference in this matter at 9:30 a.m., on September 14, 2006, in Room 108 of the Commission's headquarters, Chandler Plaza Building, 1300 S. Evergreen Park Drive S.W., Olympia, Washington. Parties unable to appear may enter their appearance via the Commission's teleconference bridge, by calling 360-664-3846 five minutes prior to the time of the prehearing conference.
- The purpose of the prehearing conference is to consider requests for interventions, resolve scheduling matters including establishing dates for distributing of evidence and work papers, to identify the issues in the proceeding and determine other matters to assist the Commission in resolving the matter, as listed in WAC 480-07-430.
- One of the issues to be discussed is whether to consolidate this docket with Docket UT-060256, Cascade Natural Gas's rate case. CMS has raised issues in the rate case docket similar to those raised in the complaint in this docket.
- INTERVENTION: Persons who wish to intervene should file a petition to intervene in writing at least three business days before the date of the prehearing conference. See, WAC 480-07-355(a). The Commission will consider oral petitions to intervene during the conference, but strongly prefers written petitions to intervene. Party representatives must file a notice of appearance with the Commission no later than the business day before the conference. See, WAC 480-07-345(2). If any party or

witness needs an interpreter or other assistance, they should fill out the form attached to this notice and return it to the Commission. The Commission will set the time and place for any evidentiary hearings at the prehearing conference, on the record of a later conference or hearing session, or by later written notice.

- THE COMMISSION GIVES NOTICE that any party who fails to attend or participate in the prehearing conference set by this Notice, or any other stage of this proceeding, may be held in default under RCW 34.05.440. The Commission specifically invokes the sanction provisions of WAC 480-07-450 which allow the Commission to seek penalties for a party in default.
