**Attachment 4 – Description of Pricing and Services for
Dedicated SONET Ring**

This Attachment 4 (Description of Pricing and Services for Dedicated SONET Ring) (this **Product Schedule**) is entered into as of the date of last signature by a Party (the **Product Schedule Effective Date**) by and among Cellco Partnership d/b/a Verizon Wireless (**Customer**) and Verizon Services Corp. on behalf of the Verizon operating telephone companies set forth on the signature page to this Product Schedule (individually and collectively, **Verizon**) (each individually, a “Party,” and collectively, the “Parties”). This Product Schedule is attached to that certain Master Services Agreement (**Agreement**), dated as of March 19, 2007, by and among the Parties, and made a part thereof. All capitalized terms not otherwise defined in this Product Schedule, Product Guide, or in the Agreement shall have the meanings set forth in Verizon’s Tariffs FCC Nos. 1, 11, 14 and 16 (individually, **Tariff**, and collectively, **Tariffs**), as applicable. No modification of this Product Schedule, including but not limited to the rates set forth in Sections 3 and 5, shall be effective or binding unless it is made in writing and signed by an authorized representative of each party.

1 Service Description

- 1.1 **General Description:** Verizon’s Dedicated SONET Ring (the **Service** or **DSR**) provides the Customer a dedicated high capacity customized network. The network is designed in a ring architecture or topology that assures survivability and is arranged as a full (closed) ring. A full description of the Service is set forth in the Product Guide (defined below).
- 1.2 **Product Guide for the Service:** To the extent not inconsistent with the provisions of this Product Schedule or the Agreement, the complete description of the Service and all terms and conditions for the Service are contained in the ‘DSR Product Guide’ (**Product Guide – DSRPG v2 091207**) which is incorporated herein by reference and has been provided separately to Customer. The Product Guide contains a comprehensive description of the Service for use by Customer, including without limitation for the following reasons: (i) in connection with its initial review and analysis of the Service; (ii) in making a decision as to whether or not to enter into negotiations for the Service to satisfy its particular business needs; (iii) in maintaining its Service in the most advantageous manner; and (iv) in staying abreast of enhancements or other modifications to the Service.
- 1.3 **Changes to the Product Guide:** Subject in all respects to the terms and conditions of this Product Schedule and the Agreement, Verizon in its sole discretion shall have the right to change terms set forth in the Product Guide. In accordance with Section 25 (Notices) of the Agreement, Verizon shall provide notice of any change to the Product Guide, and such changed Product Guide shall be the Product Guide as defined herein, and such changed Product Guide shall apply to all existing and new Services provided to Customer pursuant to the Agreement, the Product Guide and this Product Schedule from the date of such change to the Product Guide. Notwithstanding the foregoing, Verizon shall not make any changes to the Product Guide that alters the price paid under this Product Schedule for the Service, or that alter any credits allowed (e.g., in connection with any applicable service level agreements) or the application or waiver of charges (e.g., termination liability) provided for in the Product Guide or this Product Schedule, or that would significantly and materially affect the Customer’s ability to obtain the Service covered by the Product Guide and this Product Schedule. Any changes to the Product Guide that are identified by Customer, and agreed upon by the Parties as not being allowed pursuant to the foregoing sentence, will be set forth in an amendment to this Product Schedule

as exceptions to the changed Product Guide applicable to Customer. Any upgrades or other improvements to the Service (e.g., enhancements, new features, connections to new services, etc.) shall be introduced by Verizon and made available to Customer on terms and conditions to be negotiated between the Parties.

1.4 Tariffed DSR and New Purchases of the Services: The Parties hereby agree as follows:

- (a) *New Purchases of DSR Services:* As of the Product Schedule Effective Date, Customer shall not place any new orders for DSR services pursuant to the Tariffs (including pursuant to contract tariff options, individual case basis tariffs, specialized service arrangements, and all other tariffed arrangements) (collectively, **Tariffed Service(s)**). Customer shall place all new orders for the Service pursuant to the terms and conditions of this Product Schedule, the Product Guide and the Agreement, including the pricing set forth in Section 5 hereof.
- (b) *Conversion of Existing Tariffed Service(s) to DSR Services:* Tariffed Service(s) purchased prior to the Product Schedule Effective Date shall, as of the Product Schedule Effective Date, be provided pursuant to the terms and conditions of this Product Schedule and the Agreement, including the pricing set forth in Section 3 hereof. At Customer's option, Customer may either: (a) convert its Tariffed Service(s) to DSR under this Agreement with the existing Commitment Period, on the terms and conditions, including the rates and charges, set forth in this Product Schedule and the Product Guide; or (b) convert its Tariffed Service(s) to DSR Service under this Agreement and subscribe to a new Commitment Period of equal or longer length than the Commitment Period for the Tariffed Service, on the terms and conditions, including the rates and charges, set forth in this Product Schedule and the Product Guide. DSR converted in accordance with this Section 1.4(b) is referred to as **Converted Services** in this Product Schedule.
- (c) *Orders in Progress:* Any orders previously placed under the Tariffs for Tariffed Service(s) shall, as of the Product Schedule Effective Date, be governed by the terms of this Agreement, including the pricing set forth in Section 3 hereof, and Customer acknowledges and agrees that any and all amounts and obligations owed to Verizon on or after the Product Schedule Effective Date for Tariffed Service(s) provisioned or orders placed under Tariff shall be due and owing under this Product Schedule and be governed by the terms and conditions of this Agreement as if such Tariffed Service or orders for Tariffed Service had been provisioned or placed under the Agreement as **Converted Services**.

1.5 Amendment to Product Guide:

The following provision is hereby inserted in Section IV H.4.b. of the Product Guide in lieu of subsection 6 thereof, agreed to by and between Verizon and Customer as of the Product Schedule Effective Date:

6. For any period of scheduled maintenance or scheduled downtime where Customer has received prior notification from Verizon; provided, however, that in the event the maintenance or downtime associated with Service rearrangement, Moves, or implementation of an order for a change of service results in an interruption period longer than the period of scheduled

maintenance or scheduled downtime, a Credit Allowance will apply for the interruption period in excess of the scheduled maintenance or downtime; or

2. Terms and Conditions

In order for Customer to receive the rates, terms, and conditions for the Service as set forth in the Agreement, the Product Guide and this Product Schedule, Customer must place the contract number assigned to this Product Schedule in the designated field of all service orders (to include Access Service Requests (ASRs)) submitted in connection with the Service.

3. Rates and Charges for Converted Services. Together with the charges set forth in the Product Guide, the Agreement, or incorporated by reference therein, the rates and charges set forth in this Section 3 apply to Converted Services as described in Section 1.4(b) above. Renewal of Converted Services prior to the expiration of the Commitment Period is subject to the rates and charges as specified in this Section 3. Renewal of Converted Services at or after the expiration of the commitment period, or upgrades of Converted Services, is subject to the rates and charges as specified in Section 5 following.

4. Contract Tariff Options

Notwithstanding Section 1.4(b) above, the rates and charges for Tariffed Services purchased prior to the Product Schedule Effective Date under the Contract Tariff Options listed below shall continue under this Product Schedule at the rates set forth therein as described in more detail in this Section 4. For any rates for the Service not set forth in the applicable Contract Tariff Options set forth below, the rates in Section 3 shall apply; provided, however, that any upgrades during the current Commitment Period or renewals at the term expiration will be subject to the rates set forth in Section 5 below.

- 4.1. For Tariffed Services ordered on April 16, 2003 through December 31, 2003 under the New Connect Discount Plan (Tariff FCC No. 1, Section 21, Contract Tariff Option #4), the rates, charges, terms, and conditions of that discount plan will apply for the DSR Services ordered in lieu of the comparable rates, charges, terms and conditions of this Attachment 4.
- 4.2. For Tariffed Services ordered on May 6, 2003 through December 31, 2003 under the New Connect Discount Plan B (Tariff FCC 11, Section 32, Contract Tariff Option # 4), the rates, charges, terms, and conditions of that discount plan will apply for the DSR Services ordered in lieu of the comparable rates, charges, terms and conditions of this Attachment 4.
- 4.3. For Tariffed Services ordered on May 6, 2003 through December 31, 2003 under the New Connect Discount Plan B (Tariff FCC 1, Section 21, Contract Tariff Option # 5), the rates, charges, terms, and conditions of that discount plan will apply for the DSR Services ordered in lieu of the comparable rates, charges, terms and conditions of this Attachment 4.
- 4.4. This Product Schedule is attached to that certain Master Services Agreement (**Agreement**), dated as of March 19, 2007, by and between the Parties, and made a part thereof. All capitalized terms not otherwise defined in this Product Schedule, Product Guide, or in the Agreement shall have the meanings set forth in Verizon's Tariffs FCC Nos. 14 and 16 (individually, **Tariff**, and collectively, **Tariffs**), as applicable. No modification of this Product Schedule, including but not limited to the rates set forth in Section 3, shall be effective or binding unless it is made in writing and signed by an authorized representative of each Party.

1. Service Description

- 1.1 **General Description:** Verizon's Custom Connect (the **Service**) is a high speed, synchronous, optical fiber-based, full duplex data transmission service. Custom Connect is available as a point-to-point non-channelized service (Basic Custom Connect), a multiplexed point-to-point service (Muxed Custom Connect) and a dedicated ring service (Custom Connect Ring)¹. Basic Custom Connect, Muxed Custom Connect, and Custom Connect Ring are together referred to as Custom Connect. Basic Custom Connect and Muxed Custom Connect are provisioned over Verizon's shared SONET network. Custom Connect Ring is provided over dedicated facilities and equipment. Custom Connect provides Customer with SONET-based broadband access transport in capacities/transmission speeds of OC3 through OC192. Custom Connect can be used to connect a Customer designated Premises to another Customer designated Premises, or to connect to other Verizon services. A full description of the Service is set forth in the Product Guide (defined below):
- 1.2 **Product Guide for the Service:** To the extent not inconsistent with the provisions of this Product Schedule or the Agreement, the complete description of the Service and all terms and conditions for the Service are contained in the "Custom Connect Product Guide" (**Product Guide-CCPG v2 052107**) which is incorporated herein by reference and has been provided separately to Customer. The Product Guide contains a comprehensive description of the Service for use by Customer, including without limitation for the following reasons: (i) in connection with its initial review and analysis of the Service; (ii) in making a decision as to whether or not to enter into negotiations for the Service to satisfy its particular business needs; (iii) in maintaining its Service in the most advantageous manner; and (iv) in staying abreast of enhancements or other modifications to the Service.

¹ Custom Connect Ring is provided on a grandfathered basis as specified in the Product Guide (as defined below).

1.3 Changes to the Product Guide: Subject in all respects to the terms and conditions of this Product Schedule and the Agreement, Verizon in its sole discretion shall have the right to change terms set forth in the Product Guide. In accordance with Section 25 (Notices) of the Agreement, Verizon shall provide notice of any change to the Product Guide, and such changed Product Guide shall be the Product Guide as defined herein, and such changed Product Guide shall apply to all existing and new Services provided to Customer pursuant to the Agreement, the Product Guide and this Product Schedule from the date of such change to the Product Guide. Notwithstanding the foregoing, Verizon shall not make any changes to the Product Guide that alters the price paid under this Product Schedule for the Service, or that alter any credits allowed (e.g., in connection with any applicable service level agreements) or the application or waiver of charges (e.g., termination liability) provided for in the Product Guide or this Product Schedule, or that would significantly and materially affect the Customer's ability to obtain the Service covered by the Product Guide and this Product Schedule. Any changes to the Product Guide that are identified by Customer, and agreed upon by the Parties as not being allowed pursuant to the foregoing sentence, will be set forth in an amendment to this Product Schedule as exceptions to the changed Product Guide applicable to Customer. Any upgrades or other improvements to the Service (e.g., enhancements, new features, connections to new services, etc.) shall be introduced by Verizon and made available to Customer on terms and conditions to be negotiated between the Parties.

1.4 Tariffed Custom Connect and New Purchases of the Services:

The Parties hereby agree as follows:

(a) *New Purchases of Custom Connect Services*: As of the Product Schedule Effective Date, Customer shall not place any new orders for Custom Connect Services pursuant to the Tariffs (including pursuant to contract tariff options, individual case basis tariffs, specialized service arrangements, and all other tariffed arrangements) (collectively, **Tariffed Service(s)**). Customer shall place all new orders for the Service pursuant to the terms and conditions of this Product Schedule, the Product Guide and the Agreement.

(b) *Conversion of Existing Tariffed Service(s) to Custom Connect Services*: Tariffed Service(s) purchased prior to the Product Schedule Effective Date shall, as of the Product Schedule Effective Date, be provided pursuant to the terms of this Product Schedule and the Agreement. At Customer's option, Customer may either: (a) convert its Tariffed Service(s) to Custom Connect under this Agreement with the existing Commitment Period, on the terms and conditions, including the rates and charges, set forth in this Product Schedule and the Product Guide; or (b) convert its Tariffed Service(s) to Custom Connect Service under this Agreement and subscribe to a new Commitment Period of equal or longer length than the Commitment Period for the Tariffed Service, on the terms and conditions, including the rates and charges, set forth in this Product Schedule and the Product Guide.

(c) *Orders in Progress*: Any orders previously placed under the Tariffs for Tariffed Service(s) shall, as of the Product Schedule Effective Date, be governed

by the terms of this Agreement, and Customer acknowledges and agrees that any and all amounts and obligations owed to Verizon on or after the Product Schedule Effective Date for Tariffed Service(s) provisioned or orders placed under Tariff shall be due and owing under this Product Schedule and be governed by the terms and conditions of this Agreement as if such Tariffed Service or orders for Tariffed Service had been provisioned or placed under the Agreement.

1.5 Amendment to Product Guide:

The following provision is hereby inserted in Section IV H.3.b. of the Product Guide in lieu of subsection 6 thereof, agreed to by and between Verizon and Customer as of the Product Schedule Effective Date:

6. For any period of scheduled maintenance or scheduled downtime where Customer has received prior notification from Verizon; provided, however, that in the event the maintenance or downtime associated with Service rearrangement, or implementation of an order for a change of service results in an interruption period longer than the period of scheduled maintenance or scheduled downtime, a Credit Allowance will apply for the interruption period in excess of the scheduled maintenance or downtime; or

2. Terms and Conditions

2.1 In order for Customer to receive the rates, terms, and conditions for the Service as set forth in the Agreement, the Product Guide and this Product Schedule, Customer must place the contract number assigned to this Product Schedule in the designated field of all service orders (to include Access Service Requests (ASRs)) submitted in connection with the Service.

3. Rates and Charges. Together with the charges set forth in the Product Guide, the Agreement, or incorporated by reference therein, the rates and charges for the Service are set forth below.

3.1 For Custom Connect Services purchased in the operating territories of Verizon telephone companies Tariff FCC No. 14, the monthly recurring rates and nonrecurring charges in Sections 3.4 through 3.10 and 3.18 apply.

3.2 For Custom Connect Services purchased in the operating territories of Verizon telephone companies Tariff FCC No. 16, the monthly recurring rates and nonrecurring charges in Sections 3.11 through 3.18 apply.

3.3 The rates and charges set forth below apply to both Price Band and N-MSA rates and charges

3.4 For Custom Connect Services purchased prior to the Product Schedule Effective Date pursuant to a Contract Tariff Option specified in Section 4 following, the applicable rates and charges for those Contract Tariff Options will apply to such Custom Connect Services in lieu of those set forth in this Section 3.

**Attachment 6 – Description of Pricing and Services for
IntelliLight® Broadband Transport**

This Attachment 6 (Description of Pricing and Services for IntelliLight® Broadband Transport) (this **Product Schedule**) is entered into as of January 31, 2008 (the **Product Schedule Effective Date**) by and among Cellco Partnership d/b/a Verizon Wireless (**Customer**) and Verizon Services Corp. on behalf of the Verizon operating telephone companies set forth on the signature page to this Product Schedule (individually and collectively, **Verizon**) (each individually, a "Party," and collectively, the "Parties"). This Product Schedule is attached to that certain Master Services Agreement (**Agreement**), dated as of March 19, 2007, by and among the Parties, and made a part thereof. All capitalized terms not otherwise defined in this Product Schedule, Product Guide, or in the Agreement shall have the meanings set forth in Verizon's Tariffs FCC Nos. 1 and 11 (individually, **Tariff**, and collectively, **Tariffs**), as applicable. No modification of this Product Schedule, including but not limited to the rates set forth in Section 3, shall be effective or binding unless it is made in writing and signed by an authorized representative of each Party.

I. Service Description

- 1.1 **General Description:** Verizon's IntelliLight® Broadband Transport (the **Service** or **IBT**) is a high speed, synchronous, optical fiber-based, full duplex data transmission service. IBT is available as a point-to-point non-channelized service (Basic IBT) and a multiplexed service (Muxed IBT). Basic IBT and Muxed IBT are together referred to as IBT. IBT is provisioned over Verizon's shared SONET network and provides the Customer with SONET-based broadband access transport in capacities/ transmission speeds of OC3 through OC192. IBT can be used to connect a Customer designated Premises to another Customer designated Premises, or to connect to other Verizon services. A full description of the Service is set forth in the Product Guide (defined below).
- 1.2 **Product Guide for the Service:** To the extent not inconsistent with the provisions of this Product Schedule or the Agreement, the complete description of the Service and all terms and conditions for the Service are contained in the "IBT Product Guide" (**Product Guide - IBTPG_v3_101007**) which is incorporated herein by reference and has been provided separately to Customer. The Product Guide contains a comprehensive description of the Service for use by Customer, including without limitation for the following reasons: (i) in connection with its initial review and analysis of the Service; (ii) in making a decision as to whether or not to enter into negotiations for the Service to satisfy its particular business needs; (iii) in maintaining its Service in the most advantageous manner; and (iv) in staying abreast of enhancements or other modifications to the Service.
- 1.3 **Changes to the Product Guide:** Subject in all respects to the terms and conditions of this Product Schedule and the Agreement, Verizon in its sole discretion shall have the right to change terms set forth in the Product Guide. In accordance with Section 25 (Notices) of the Agreement, Verizon shall provide notice of any change to the Product Guide, and such changed Product Guide shall be the Product Guide as defined herein, and such changed Product Guide shall apply to all existing and new Services, as applicable, provided to Customer pursuant to the Agreement, the Product

Guide and this Product Schedule from the date of such change to the Product Guide. Notwithstanding the foregoing, Verizon shall not make any changes to the Product Guide that alters the price paid under this Product Schedule for the Service, or that alter any credits allowed (e.g., in connection with any applicable service level agreements) or the application or waiver of charges (e.g., termination liability) provided for in the Product Guide or this Product Schedule, or that would significantly and materially affect the Customer's ability to obtain the Service covered by the Product Guide and this Product Schedule. Any changes to the Product Guide that are identified by Customer, and agreed upon by the Parties as not being allowed pursuant to the foregoing sentence, will be set forth in an amendment to this Product Schedule as exceptions to the changed Product Guide applicable to Customer. Any upgrades or other improvements to the Service (e.g., enhancements, new features, connections to new services, etc.) shall be introduced by Verizon and made available to Customer on terms and conditions to be negotiated between the Parties.

1.4 Tariffed IBT and New Purchases of the Services:

The Parties hereby agree as follows:

- (a) *New Purchases of IBT Services:* As of the Product Schedule Effective Date, Customer shall not place any new orders for IBT Services pursuant to the Tariffs (including pursuant to contract tariff options, individual case basis tariffs, specialized service arrangements, and all other tariffed arrangements) (collectively, Tariffed Service(s)). Customer shall place all new orders for the Service pursuant to the terms and conditions of this Product Schedule, the Product Guide and the Agreement.
- (b) *Conversion of Existing Tariffed Service(s) to IBT Services:* Tariffed Service(s) purchased prior to the Product Schedule Effective Date shall, as of the Product Schedule Effective Date, be provided pursuant to the terms and conditions of this Product Schedule and the Agreement, including the pricing set forth in Section 3 hereof. At Customer's option, Customer may either: (a) convert its Tariffed Service(s) to IBT under this Agreement with the existing Commitment Period, on the terms and conditions, including the rates and charges, set forth in this Product Schedule and the Product Guide; or (b) convert its Tariffed Service(s) to IBT Service under this Agreement and subscribe to a new Commitment Period of equal or longer length than the Commitment Period for the Tariffed Service, on the terms and conditions, including the rates and charges, set forth in this Product Schedule and the Product Guide.
- (c) *Orders in Progress:* Any orders previously placed under the Tariffs for Tariffed Service(s) shall, as of the Product Schedule Effective Date, be governed by the terms of this Agreement, including the pricing set forth in Section 3 hereof, and Customer acknowledges and agrees that any and all amounts and obligations owed to Verizon on or after the Product Schedule Effective Date for Tariffed Service(s) provisioned or orders placed under Tariff shall be due and owing under this Product Schedule and be governed by the terms and conditions of this Agreement as if such Tariffed Service or orders for Tariffed Service had been provisioned or placed under the Agreement.

1.5 Amendment to Product Guide:

The following provision is hereby inserted in Section IV H.3.b. of the Product Guide in lieu of subsection 6 thereof, agreed to by and between Verizon and Customer as of the Product Schedule Effective Date:

6. For any period of scheduled maintenance or scheduled downtime where Customer has received prior notification from Verizon; provided, however, that in the event the maintenance or downtime associated with Service rearrangement, moves, or implementation of an order for a change of service results in an interruption period longer than the period of scheduled maintenance or scheduled downtime, a Credit Allowance will apply for the interruption period in excess of the scheduled maintenance or downtime; or

2. Terms and Conditions

In order for Customer to receive the rates, terms, and conditions for the Service as set forth in the Agreement, the Product Guide and this Product Schedule, Customer must place the contract number assigned to this Product Schedule in the designated field of all service orders (to include Access Service Requests (ASRs)) submitted in connection with the Service.

3. Rates and Charges. Together with the charges set forth in the Product Guide, the Agreement, or incorporated by reference therein, the rates and charges for the Service are set forth below.

4. Contract Tariff Options

Notwithstanding Section 1.4(b) above, the rates and charges for Tariffed Services purchased prior to the Product Schedule Effective Date under the Contract Tariff Options listed below shall continue under this Product Schedule at the rates set forth therein as described in more detail in this Section 4. For any rates for the Service not set forth in the applicable Contract Tariff Options set forth below, the rates in Section 3 shall apply.

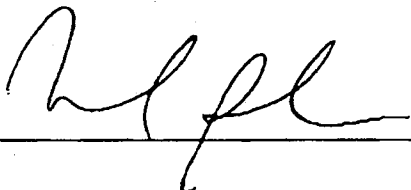

- 4.1. For Tariffed Services ordered on April 16, 2003 through December 31, 2003 under the New Connect Discount Plan (Tariff FCC No. 1, Section 21, Contract Tariff Option #4), the rates, charges, terms, and conditions of that discount plan will apply for the IBT Services ordered in lieu of the comparable rates, charges, terms and conditions of this Attachment 6.
- 4.2. For Tariffed Services ordered on May 6, 2003 through December 31, 2003 under the New Connect Discount Plan B (Tariff FCC No. 1, Section 21, Contract Tariff Option #5; Tariff FCC No. 11, Section 32, Contract Tariff Option #4), the rates, charges, terms, and conditions of that discount plan will apply for the IBT Services ordered in lieu of the comparable rates, charges, terms and conditions of this Attachment 6.
- 4.3. For Tariffed Services ordered on August 19, 2003 through December 31, 2003 under the New Connect Discount Plan C (Tariff FCC No. 1, Section 21, Contract Tariff Option #6; Tariff FCC No. 11, Section 32, Contract Tariff Option #5), the rates, charges, terms, and conditions of that discount plan will apply for the IBT Services ordered in lieu of the comparable rates, charges, terms and conditions of this Attachment 6.
- 4.4. For Tariffed Services ordered on August 1, 2003 through December 31, 2003 under the New Connect Discount Plan D (Tariff FCC No. 1, Section 21, Contract Tariff Option #7; Tariff FCC No. 11, Section 32, Contract Tariff Option #6), the rates, charges, terms, and conditions of that discount plan will apply for the IBT Services ordered in lieu of the comparable rates, charges, terms and conditions of this Attachment 6.
- 4.5. For Tariffed Services ordered on December 27, 2005 through December 29, 2006 under the Contract Tariff Options #33 in Tariff FCC No. 1, and # 36 in Tariff FCC No. 11, the rates, charges, terms, and conditions of that discount plan will apply for the IBT Services ordered in lieu of the comparable rates, charges, terms and conditions of this Attachment 6.

**Attachment 8 – Description of Pricing and Services for
IntelliLight® Optical Transport Service**

This Attachment 8 (Description of Pricing and Services for IntelliLight® Optical Transport Service (this **Product Schedule**) is entered into as of January 23, 2008 (the **Product Schedule Effective Date**) by and among Cellco Partnership d/b/a Verizon Wireless (**Customer**) and Verizon Services Corp. on behalf of the Verizon operating telephone companies set forth on the signature page to this Product Schedule (individually and collectively, **Verizon**) (each individually, a “Party,” and collectively, the “Parties”). This Product Schedule is attached to that certain Master Services Agreement (**Agreement**), dated as of March 19, 2007, by and among the Parties, and made a part thereof. All capitalized terms not otherwise defined in this Product Schedule, Product Guide, or in the Agreement shall have the meanings set forth in Verizon’s Tariffs FCC Nos. 1, 11, 14 and 16 (individually, **Tariff**, and collectively, **Tariffs**), as applicable. No modification of this Product Schedule, including but not limited to the rates set forth in Section 3, shall be effective or binding unless it is made in writing and signed by an authorized representative of each Party.

1. Service Description

- 1.1 **General Description:** Verizon’s IntelliLight® Optical Transport Service (the **Service** or **IOTS**) provides managed optical transport of multiple protocols that are transmitted over a single fiber optic pair. IOTS is configured in diversely routed ring architecture. The ring allows for point-to-point optical services of varying wavelengths to be multiplexed on or off of the ring. A full description of the Service is set forth in the Product Guide (defined below).
- 1.2 **Product Guide for the Service:** To the extent not inconsistent with the provisions of this Product Schedule or the Agreement, the complete description of the Service and all terms and conditions for the Service are contained in the ‘IOTS Product Guide’ (**Product Guide – IOTSPG_v1_021507**) which is incorporated herein by reference and has been provided separately to Customer. The Product Guide contains a comprehensive description of the Service for use by Customer, including without limitation for the following reasons: (i) in connection with its initial review and analysis of the Service; (ii) in making a decision as to whether or not to enter into negotiations for the Service to satisfy its particular business needs; (iii) in maintaining its Service in the most advantageous manner; and (iv) in staying abreast of enhancements or other modifications to the Service.
- 1.3 **Changes to the Product Guide:** Subject in all respects to the terms and conditions of this Product Schedule and the Agreement, Verizon in its sole discretion shall have the right to change terms set forth in the Product Guide. In accordance with Section 25 (Notices) of the Agreement, Verizon shall provide notice of any change to the Product Guide, and such changed Product Guide shall be the Product Guide as defined herein, and such changed Product Guide shall apply to all existing and new Services, as applicable, provided to Customer pursuant to the Agreement, the Product Guide and this Product Schedule from the date of such change to the Product Guide. Notwithstanding the foregoing, Verizon shall not make any changes to the Product Guide that alters the price paid under this Product Schedule for the Service, or that alter any credits allowed (e.g., in connection with any applicable service level agreements) or the application or waiver of charges (e.g., termination liability) provided for in the Product Guide or this Product Schedule, or that would significantly and materially affect the Customer’s ability to obtain the Service covered by the Product Guide and this Product Schedule. Any changes to the Product Guide that are identified by Customer, and agreed upon by the Parties as not being allowed pursuant to the foregoing sentence, will be set forth in an amendment to this Product Schedule as exceptions to the changed Product Guide applicable to Customer. Any upgrades or other improvements to the Service (e.g., enhancements, new features, connections to new services, etc.) shall be introduced by Verizon and made available to Customer on terms and conditions to be negotiated between the Parties.

1.4 Tariffed IOTS and New Purchases of the Services: The Parties hereby agree as follows:

(a) *New Purchases of IOTS Services:* As of the Product Schedule Effective Date, Customer shall not place any new orders for IOTS services pursuant to the Tariffs (including pursuant to contract tariff options, individual case basis tariffs, specialized service arrangements, and all other tariffed arrangements) (collectively, **Tariffed Service(s)**). Customer shall place all new orders for the Service pursuant to the terms and conditions of this Product Schedule, the Product Guide and the Agreement.

(b) *Conversion of Existing Tariffed Service(s) to IOTS Services:* Tariffed Service(s) purchased prior to the Product Schedule Effective Date shall, as of the Product Schedule Effective Date, be provided pursuant to the terms and conditions of this Product Schedule and the Agreement, including the pricing set forth in Section 3 hereof. At Customer's option, Customer may either: (a) convert its Tariffed Service(s) to IOTS under this Agreement with the existing Commitment Period, on the terms and conditions, including the rates and charges, set forth in this Product Schedule and the Product Guide; or (b) convert its Tariffed Service(s) to IOTS Service under this Agreement and subscribe to a new Commitment Period of equal or longer length than the Commitment Period for the Tariffed Service, on the terms and conditions, including the rates and charges, set forth in this Product Schedule and the Product Guide.

(c) *Orders in Progress:* Any orders previously placed under the Tariffs for Tariffed Service(s) shall, as of the Product Schedule Effective Date, be governed by the terms of this Agreement, including the pricing set forth in Section 3 hereof, and Customer acknowledges and agrees that any and all amounts and obligations owed to Verizon on or after the Product Schedule Effective Date for Tariffed Service(s) provisioned or orders placed under Tariff shall be due and owing under this Product Schedule and be governed by the terms and conditions of this Agreement as if such Tariffed Service or orders for Tariffed Service had been provisioned or placed under the Agreement.

1.5 Amendment to Product Guide:

The following provision is hereby inserted in Section IV G.3. of the Product Guide in lieu of subsection f thereof, agreed to by and between Verizon and Customer as of the Product Schedule Effective Date:

f. For any period of scheduled maintenance or scheduled downtime where Customer has received prior notification from Verizon; provided, however, that in the event the maintenance or downtime associated with Service rearrangement, moves, or implementation of an order for a change of service results in an interruption period longer than the period of scheduled maintenance or scheduled downtime, a Credit Allowance will apply for the interruption period in excess of the scheduled maintenance or downtime; or

2. Terms and Conditions

2.1 In order for Customer to receive the rates, terms, and conditions for the Service as set forth in the Agreement, the Product Guide and this Product Schedule, Customer must place the contract number assigned to this Product Schedule in the designated field of all service orders (to include Access Service Requests (ASRs)) submitted in connection with the Service.

3. Rates and Charges.

Together with the charges set forth in the Product Guide, the Agreement, or incorporated by reference therein, the rates and charges for the Service are set forth below.

- 3.1 Rates and charges for IOTS Nodes, Ring Mileage, At-node Amplifiers, Mid-Span Amplifiers and Optical Transport Channels which were in service as of, or ordered prior to, August 16, 2005 are subject to Category I rates, unless the customer has converted to Category II rates. Category I rates and charges are provided in Sections 3.6 through 3.9 following.
- 3.2 Rates and charges for IOTS Nodes, Ring Mileage, Mid-Span Amplifier and Optical Transport Channels which were ordered on or after August 16, 2005 are subject to Category II rates. Category II rates also apply to IOTS which are converted from Category I to Category II. Category II rates and charges are provided in Sections 3.10 through 3.13 following.
- 3.3 Cancellation charges are provided in Section 3.14 following.
- 3.4 Inside Move charges are provided in Section 3.15 following.
- 3.5 Rates and charges for CSM and DTM are provided in Section 3.16 following.

4. Contract Tariff Options

Notwithstanding Section 1.4(b) above, the rates and charges for Tariffed Services purchased prior to the Product Schedule Effective Date under the Contract Tariff Options listed below shall continue under this Product Schedule at the rates set forth therein as described in more detail in this Section 4. For any rates for the Service not set forth in the applicable Contract Tariff Options set forth below, the rates in Section 3 shall apply.

- 4.1 For Tariffed Services ordered on May 6, 2003 through December 31, 2003 under the New Connect Discount Plan B (Tariff FCC No. 1, Section 21, Contract Tariff Option #5; Tariff FCC 11, Section 32, Option # 4), the rates, charges, terms, and conditions of that discount plan will apply for the IOTS Services ordered in lieu of the comparable rates, charges, terms and conditions of this Attachment 8.
- 4.2 For Tariffed Services ordered on August 19, 2003 through December 31, 2003 under the New Connect Discount Plan C (Tariff FCC No. 1, Section 21, Contract Tariff Option #6; Tariff FCC No. 11, Section 32, Contract Tariff Option #5, Tariff FCC No. 14, Section 21, Contract Tariff Option # 5), the rates, charges, terms, and conditions of that discount plan will apply for the IOTS Services ordered in lieu of the comparable rates, charges, terms and conditions of this Attachment 8.
- 4.3 For Tariffed Services ordered on June 12, 2004 through February 28, 2005 under the New Connect Discount Plan F (Tariff FCC No. 1, Section 21, Contract Tariff Option # 11; Tariff FCC No. 11, Section 32, Contract Tariff Option # 14), the rates, charges, terms, and conditions of that discount plan will apply for the IOTS Services ordered in lieu of the comparable rates, charges, terms and conditions of this Attachment 8.
- 4.4 For Tariffed Services ordered on August 1, 2003 through December 31, 2003 under the New Connect Discount Plan D (Tariff FCC No. 11, Section 32, Contract Tariff Option # 6), the rates, charges, terms, and conditions of that discount plan will apply for the IOTS Services ordered in lieu of the comparable rates, charges, terms and conditions of this Attachment 8.
- 4.5 For Tariffed Services ordered on February 25, 2004 through April 24, 2004 under the New Connect Discount Plan (Tariff FCC No. 11, Section 32, Contract Tariff Option # 11), the rates, charges, terms, and conditions of that discount plan will apply for the IOTS Services ordered in lieu of the comparable rates, charges, terms and conditions of this Attachment 8.
- 4.6 For Tariffed Services ordered on September 16, 2004 through February 28, 2005 under the New Connect Discount Plan F (Tariff FCC No. 14, Section 21, Contract Tariff Option # 9), the rates, charges, terms, and conditions of that discount plan will apply for the IOTS Services ordered in lieu of the comparable rates, charges, terms and conditions of this Attachment 8.
- 4.7 Notwithstanding anything to the contrary in any applicable Contract Tariff Options, any reduction or discount to Special Access rates offered under Contract Tariff Option will not be applied to Category II.

In confirmation of their consent and agreement to the terms and conditions contained in this Product Schedule and intending to be legally bound hereby, the Parties have executed this Product Schedule as of the Product Schedule Effective Date.

Attachment [13] –Verizon Wireless SONET TBR

This Attachment [13] [Verizon Wireless SONET TBR] is entered into as of September 18, 2007 (**Trifecta Approval Date**), and made effective as of the effective date of the **CMRS Price Flex** (as defined below) (the **Effective Date**) by and among Cellco Partnership d/b/a Verizon Wireless (**Customer**) and Verizon Services Corp., on behalf of the Verizon operating telephone companies set forth on the signature page to this Attachment [13] (individually and collectively, **Verizon**). This Attachment [13] is attached to that certain Master Services Agreement (**Agreement**), dated as of March 19, 2007, by and among the Parties, and made a part thereof. All capitalized terms not otherwise defined in this Attachment [13], or the Master Services Agreement and any Attachments or Amendments thereto, shall have the meanings set forth in Verizon's Tariffs FCC Nos. 1, 11, 14 and 16 (individually, **Tariff**, and collectively, **Tariffs**), as applicable.

1. **Eligibility** - Customer must have: (i) subscribed to Verizon's National Discount Plan (**NDP**), with the same effective date as the Effective Date; (ii) subscribed to a price flex transaction for commercial mobile radio service providers with the same effective date as the Effective Date (**CMRS Price Flex**); and (iii) in place, by no later than January 31, 2008 one or more of the following Attachments to the Agreement (collectively, **TBR Eligible Product Schedules**): Description of Pricing and Services for Dedicated SONET Ring (**DSR Product Schedule**); Description of Pricing and Services for IntelliLight® Broadband Transport (**IBT Product Schedule**); Description of Pricing and Services for Custom Connect (**Custom Connect Product Schedule**); Description of Pricing and Services for IntelliLight® Entrance Facilities (**IEF Product Schedule**); Description of Pricing and Services for IntelliLight® Optical Transport Service (**IOTS Product Schedule**); Description of Pricing and Services for Local Area Network (LAN) Extension Service (**LES Product Schedule**); Description of Pricing and Services for Transparent LAN Service (**TLS Product Schedule**); Description of Pricing and Services for Verizon Optical Networking/Ethernet Private Line (**VzON Product Schedule**); Description of Pricing and Services for Verizon Ethernet Transportation and Aggregation (ETAG) Service (**ETAG Product Schedule**); and any other attachment to the Agreement that the parties agree to include as a TBR Eligible Product Schedule, on the terms and conditions set forth therein. The parties agree to negotiate in good faith the inclusion of additional service schedules for services that may be introduced in the future, taking into account their respective collective economics associated with the NDP, CMRS Price Flex and this Attachment [13]. Additionally, the parties agree to negotiate in good faith potential modifications to this Attachment [13] if, solely as a result of changes to the MRCs for Services made available under any of the TBR Eligible Product Schedules in any year of the **Term** (as defined below) for purchases of Services thereunder, but excluding any MRCs associated with ICB arrangements, the **Actual Annual Revenue** (as defined below) would be less than the **Base Revenue** (as defined below). Notwithstanding the foregoing, only Services provided under a fully executed TBR Eligible Product Schedule will be included in the calculation of Actual Annual Revenue hereunder.

2. **Term and Termination** – This Attachment [13] shall be effective as of the Effective Date and, unless cancelled or terminated earlier in accordance with the terms hereof, shall continue in effect until December 31, 2015 (the **Term**).

3. **Definitions** – For purposes of this Attachment [13] the following definitions will apply:

- a. **Qualifying SONET Services** are those Services ordered or provided under the TBR Eligible Product Schedules during the Term. For the avoidance of any doubt no Services purchased in the states of Maine, New Hampshire or Vermont shall be considered Qualifying SONET Services.
- b. **Base Revenue** equals the aggregate billing for monthly recurring charges (MRCs) for **Qualifying SONET Services** during the last three months of calendar year 2007 multiplied by four (4).
- c. **Actual Annual Revenue** equals the MRC amounts which have been paid in full by Customer for **Qualifying SONET Services** during each annual period as set forth in Section 4 following.
- d. **SONET TBR Revenue Growth** is the amount by which the Actual Annual Revenue exceeds, if any, the Base Revenue.

4. **Actual Annual Revenue** - Revenue included in the calculation of the Actual Annual Revenue includes only MRC amounts which have been paid in full by Customer.

For purposes of this Attachment [13], "**MRCs**" shall mean monthly billed recurring revenues for the Qualifying SONET Services billed during any year of the Term excluding Disputed Charges.

For purposes of this Attachment [13], "**Disputed Charges**" shall mean MRCs for the Qualified SONET Services billed during any year of the Term, which amounts are under dispute by Customer and have been paid in full by the Customer, as of the 30th calendar day following the end of the applicable quarter or year of the Term in accordance with this Attachment [13]. Amounts which have not been paid in full (regardless of whether or not such amounts are under dispute by the Customer) shall not be included in the Actual Annual Revenue for Qualifying SONET Services for the applicable year of the Term.

For purposes of this Attachment [13], "paid in full" shall refer to amounts that the Customer paid for the Qualifying SONET Services, in accordance with the terms of the TBR Eligible Product Schedules, and shall not include any amounts that are Disputed Charges. For the avoidance of doubt, in the event that Customer disputes some but not all charges on an invoice, the charges that are not disputed shall, upon payment thereof, be considered "paid in full" for purposes of this Attachment [13].

Examples of Revenue Not Included in Calculation of Actual Annual Revenues. The Actual Annual Revenue does not include any revenue other than as set forth in this Section above, and the following types of charges are not included:

- nonrecurring charges;
- taxes, or other charges imposed by a federal, state, local, or other governmental entity (e.g. Federal Universal Service Fund);
- service or administrative fees or charges imposed by Verizon (e.g. Interest penalty, late payment penalty);
- any other charges which are not applied on a recurring monthly basis;

- credits or adjustments provided by Verizon that apply to any period other than the Term and to any services other than the Qualifying SONET Services;
- any debits or credits for Services rendered in prior Quarters or periods prior to the Effective Date;
- shortfall or overage charges
- minimum period charges;
- any Disputed Charges;
- termination liabilities; or
- adjustments other than those explicitly relating to MRCs.

5. **General Terms** – Subject to the terms of this Attachment [13], Customer will be eligible during each year of the Term to earn a credit on its Base Revenue (**SONET TBR Base Credit**) as well as a credit on its SONET TBR Revenue Growth (**SONET TBR Revenue Growth Credit**) and, together with the SONET TBR Base Credit, the **TBR Credits**, each as set forth in Table 1 below. In order for Customer to be eligible to receive any TBR Credits hereunder, Customer must have achieved Actual Annual Revenue equal to or greater than Base Revenue for the applicable year of the Term. If Customer terminates its participation in the CMRS Price Flex during any year of the Term, and also terminates its participation in this Attachment [13] in the same year, Customer shall only be required to pay Termination Liability hereunder to the extent that the Termination Liability hereunder is greater than the termination liability due by Customer under the CMRS Price Flex, in which case Customer shall pay the positive difference between the Termination Liability hereunder and the termination liability under the CMRS Price Flex as well as the termination liability due by Customer under the CMRS Price Flex. Notwithstanding the foregoing, if Customer terminates its participation in the CMRS Price Flex and this Attachment [13] in the same year of the Term and no termination liability is due in connection with Customer's termination of the CMRS Price Flex, then no Termination Liability will be due hereunder. If Customer terminates its participation in the CMRS Price Flex or this Attachment [13] in any year of the Term, and does not terminate its participation in the other, Termination Liability under this Attachment [13] or termination liability under the CMRS Price Flex, as applicable, shall apply in that year as well as in any subsequent year in which Customer terminates its participation in the CMRS Price Flex or this Attachment [13], as applicable. For the avoidance of doubt, no TBR Credits may be earned or applied in the states of Maine, New Hampshire or Vermont.

6. **Calculation of SONET TBR Base Credit** - At the conclusion of each year during the Term, subject to an annual true-up to account for amounts paid as Quarterly SONET TBR Base Credits with respect to the SONET TBR Base Credit, the Customer is eligible to receive a SONET TBR Base Credit if the Actual Annual Revenue meets or exceeds the Base Revenue (subject to any reductions and adjustments as set forth herein). The SONET TBR Base Credit equals the Discount Percentage corresponding to the applicable SONET TBR Growth Tier identified in Table 1 below, multiplied by the Base Revenue.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

TABLE 1

SONET TBR Growth				SONET TBR Revenue Growth Credit

A	\$0.00M	\$8.99M	15%	\$0.00M
B	\$9.00M	\$18.99M		\$4.00M
C	\$19.00M	\$28.99M		\$5.00M
D	\$29.00M	\$38.99M	16%	\$6.00M

F	\$49.00M	\$58.99M		\$8.00M
G	\$59.00M	\$68.99M	17%	\$9.00M
H	\$69.00M	\$78.99M		\$10.50M
I	\$79.00M	\$88.99M		\$12.00M
J	\$89.00M	\$98.99M	18%	\$13.50M
K	\$99.00M	\$108.99M		\$15.00M
L	\$109.00M	\$118.99M		\$16.50M
M	\$119.00M	\$128.99M	19%	\$18.00M
N	\$129.00M	\$138.99M		\$19.50M
O	\$139.00M	\$148.99M		\$21.00M
P	\$149.00M	\$158.99M	20%	\$22.50M
Q	\$159.00M	\$168.99M		\$24.00M
R	\$169.00M	+		\$25.50M

As an example, assume the following:

The MRCs for **Qualifying SONET Services** for October through December of 2007 are \$7.5M.

Base Revenue is calculated as $(\$7.5M * 4 \text{ quarters}) = \$30M$

Customer's **Actual Annual Revenue** in 2008 is \$45M

SONET TBR Growth is calculated as $(\$45M - \$30M) = \$15M$

Based on Table 1, \$15M **SONET TBR Revenue Growth** would make Customer eligible for a **Discount Percentage** of 15% (Tier B)

The **SONET TBR Base Credit** would then equal \$4.5M, calculated as follows: $\$30M * 15\% = \$4.50M$

7. **Calculation of SONET TBR Revenue Growth Credit** - Additionally, at the conclusion of each year during the Term, subject to an **Annual True-Up** to account for amounts paid as **Quarterly SONET TBR Revenue Growth Credits** with respect to the **SONET TBR Revenue Growth Credit**, where Customer's **Actual Annual Revenue** exceeds the **Base Revenue** (subject to any reductions and adjustments as set forth herein), Customer is eligible to earn a **SONET TBR Revenue Growth Credit** corresponding to the applicable **SONET TBR Growth Tier** as set forth in Table 1 above.

As an example, continuing the preceding example, assume the following:

Customer's Actual Annual Revenue in 2008 is \$45M

SONET TBR Revenue Growth is calculated as $(\$45M - \$30M) = \$15M$

Based on Table 1 above, \$15M SONET TBR Revenue Growth would make Customer eligible for a SONET TBR Revenue Growth Credit of \$4M (Tier B)

8. **Quarterly TBR Credit Calculation** - At the end of each of the first three quarterly periods during each year of the Term, Verizon shall determine the MRCs which have been paid in full by the Customer during such quarterly period (**Achieved Quarterly SONET Revenue**). Verizon will then multiply the Achieved Quarterly SONET Revenue by four (4) (**Annualized Achieved Quarterly SONET Revenue**) and, if the **Annualized Achieved Quarterly SONET Revenue** is equal to or greater than the **Base Revenue**, then Customer will be eligible to receive a Quarterly SONET TBR Base Credit and Quarterly SONET TBR Revenue Growth Credit for that three month period with respect to the SONET TBR Base Credit and SONET TBR Revenue Growth Credit, respectively, equal to one quarter of the SONET TBR Base Credit and SONET TBR Revenue Growth Credit, respectively, for which customer would be eligible to receive for the applicable year of the Term based upon the Annualized Achieved Quarterly SONET Revenue.

9. **Annual True-Up Credit Calculation** - Within sixty (60) days after the end of each year of the Term, Verizon will perform an annual true-up to determine the Actual Annual Revenue and whether any additional credits are due Customer with respect to the SONET TBR Base Credit and SONET TBR Revenue Growth Credit, or if Customer is required to refund to Verizon amounts previously paid as Quarterly SONET TBR Base Credits or Quarterly SONET TBR Revenue Growth Credits with respect to the SONET TBR Base Credit and SONET TBR Revenue Growth Credit, respectively. In order to determine whether any additional credits are due with respect to the SONET TBR Base Credits and SONET TBR Revenue Growth Credits, Verizon will first determine the aggregate SONET TBR Base Credit and SONET TBR Revenue Growth Credit due with respect to the applicable year of the Term. Verizon will then determine what, if any, Quarterly SONET TBR Base Credits and Quarterly SONET TBR Revenue Growth Credits were paid with respect to the first three quarterly periods of the applicable year of the Term. If the aggregate Quarterly SONET TBR Base Credits and Quarterly SONET TBR Revenue Growth Credits that have been paid with respect to the applicable year of the Term are less than the aggregate SONET TBR Base Credits and SONET TBR Revenue Growth Credits due Customer with respect to such year, Verizon shall credit the difference (**Annual True-Up Payment**) as provided in Section 10 below. If the aggregate Quarterly SONET TBR Base Credits and Quarterly SONET TBR Revenue Growth Credits that have been paid with respect to the applicable year of the Term are greater than the aggregate SONET TBR Base Credits and SONET TBR Revenue Growth Credits due Customer with respect to such year, Verizon shall bill the difference as provided in Section 10 following. Upon completion of the Annual True-Up, Verizon will notify Customer in writing of its determination of the Actual Annual Revenue.

10. **Timing of Payment of TBR Credits** - Verizon shall credit the Customer's BANs with the applicable Quarterly SONET TBR Base Credits, Quarterly SONET TBR Revenue Growth Credits, Annual True-Up Payment with respect to the SONET TBR Base Credit and/or SONET TBR Revenue Growth Credit as determined in accordance with the terms of this Attachment [13]

a. If the Customer is eligible for Quarterly SONET TBR Base Credits or Quarterly SONET TBR Revenue Growth Credits with respect to any of the first three quarterly periods of each year of the Term, the applicable Quarterly SONET TBR Base Credits or Quarterly SONET TBR Revenue Growth Credits will be credited to the Customer's account by no later than sixty (60) days after the end of the applicable quarterly period of the applicable year of the Term, subject to the terms of this Attachment [13].

b. After the completion of the Annual True-Up, if the Customer is eligible for an Annual True-Up Payment with respect to the SONET TBR Base Credits or SONET TBR Revenue Growth Credits with respect to any year of the Term, the Annual True-Up Payment with respect to SONET TBR Base Credits and/or SONET TBR Revenue Growth Credits will be credited to the Customer's account no later than sixty (60) days after the completion of the Annual True-Up for the applicable year of the Term, subject to the terms of this Attachment [13].

c. After the completion of the Annual True-Up, if the Customer is required to refund any or all of the Quarterly SONET TBR Base Credits or Quarterly SONET TBR Revenue Growth Credits paid in respect of any or all of the first three quarterly periods of the applicable year of the Term, Verizon will bill such amount to Customer's account on the same BANs to which the applicable Quarterly SONET TBR Base Credits or Quarterly SONET TBR Revenue Growth Credits were provided by no later than sixty (60) days after the completion of the Annual True-Up for the applicable year of the Term, subject to the terms of this Attachment [13].

11. **Verizon Buyout** – Verizon has the option, upon completion of the Annual True-Up and the determination of the Actual Annual Revenue with respect to any year of the Term, and upon providing thirty (30) days written notice to the Customer in accordance with the notice provision set forth in the Agreement, to terminate this Attachment [13]. If Verizon exercises this buyout option, Verizon shall pay to the Customer, within sixty (60) days of the date of the notice exercising this option, an amount equal to any TBR Credits due and payable with respect to the year of the Term just ended plus \$500,000 multiplied by the number of years left in the Term (**Buyout Payment**).

12. **Reserved**

13. **Termination Liability** – Subject to the terms set forth in this Section 13, the Customer may terminate this Attachment at any time during the Term. The Customer must provide written notice of termination at least thirty (30) days prior to the requested date of termination of this Attachment [13]. If the Customer terminates this Attachment [13] at any time during the Term, the Customer will not be entitled to the payment of any TBR Credits, pro rated or otherwise, after the termination date. All obligations under the TBR Eligible Product Schedules will continue to apply in accordance with the terms and conditions therein. Customer will be liable for payment of Termination Liability equal to the product of (a) the Termination Liability Percentage applicable to the year of the Term in which the termination occurs as set forth in Table 2 following, and (b) the sum of all TBR Credits paid during the Term from the Effective Date through and including the date of termination. The Termination Liability payment will be due and payable by the Customer to Verizon no later than sixty (60) days after the termination date.

1	100.00%
2	90.00%
3	80.00%

14. **Mergers, Acquisitions and Dispositions of Customer**

a. In the event the Customer merges with another company, acquires a company or a portion of the business of another company, or is acquired in whole or in part by another company (collectively, a **Customer Acquisition**), unless Verizon and Customer mutually agree otherwise as described in (iv) following, the terms and conditions set forth in (i), (ii) and (iii) following will apply in addition to any other terms and conditions set forth in this Attachment [13].

- i. The Customer may not combine or include any revenues from the merged, acquiring, or acquired company, or assets of such merged, acquiring, or acquired company in the calculation of **Actual Annual Revenue** for Qualifying SONET Services.
- ii. The Customer's **Actual Annual Revenue** for Qualifying SONET Services shall be calculated based on its revenues with Verizon using the ACNAs set forth in the Agreement, without adding the revenues and/or ACNAs attributable to expansion of the Customer's purchase of Services from Verizon through merger, transfer, assignment, or acquisition.
- iii. Verizon reserves the right to terminate this Attachment [13] without liability if the Customer does not adhere to the provisions of this Section 14.
- iv. Customer and Verizon may mutually agree to modify this Attachment [13] to include one or more of the ACNAs and related revenue attributable to expansion of the Customer's purchase of Qualifying SONET Services from Verizon as a result of a Customer Acquisition, with both parties taking into consideration in good faith whether such revenues represent new or existing revenues to Verizon.

(b) In the event the Customer sells, transfers or otherwise disposes of interests in an affiliate or subsidiary (**Customer Sold Business**) that purchases Qualifying SONET Services, to an unaffiliated third party, and Customer does not, through any affiliate or subsidiary, directly or indirectly, purchase the Qualifying SONET Services after such time, then the following terms and conditions shall apply in addition to any other terms and conditions set forth in this Attachment [13].

For the year of the Term in which the sale occurs, the following adjustments will occur:

- (a) The Floor and Ceiling of each of the SONET TBR Growth Ranges (excluding the Floor of Tier A) and TBR credits set forth in Table 1 in Section 6 preceding shall be reduced by the Customer SONET Acquisition Reduction Percentage (as defined following).

The Customer SONET Acquisition Reduction Percentage shall be calculated for the Qualifying SONET Services as follows:

- i. calculate the MRCs which have been billed to the Customer Sold Business for Qualifying SONET Services by Verizon during the twelve (12) months prior to the time that Customer ceases to purchase the Service(s);

- ii. divide the MRCs in (i) preceding by the total MRCs for Qualifying SONET services billed to the Customer by Verizon during the twelve (12) months prior to the time that Customer ceases to purchase the Service(s);
- iii. prorate the Customer SONET Acquisition Reduction Percentage calculated in (ii) preceding by multiplying the Customer SONET Acquisition Reduction Percentage by the number of days in the applicable year of the Service Period left after the date of Acquisition divided by three hundred sixty five (365).

For each year of the Term subsequent to the year of the Term in which the sale occurs, the Floor and Ceiling of each of the TBR Growth Ranges as well as the TBR Credits as defined in Table 1 preceding will be reduced by the full Customer SONET Acquisition Reduction Percentage.

Verizon will make the adjustments in accordance with this Section 14 upon receipt by Verizon from Customer of confirmation that such sale, transfer or other disposition has been finalized, together with the information necessary to effect such adjustments, including, without limitation, the Billing Account Numbers (BANs), circuit IDs, and USOC details associated with the Customer Sold Business.

15. **Sale of Verizon Operating Telephone Company** - If some or all of the assets or stock a Verizon Operating Telephone Company listed on the signature page hereto are acquired by an unaffiliated third party (**Acquired VZ Telco**), and Verizon does not provide the Qualifying SONET Services in the operating territory of the Acquired VZ Telco to the Customer after such time, then the following terms and conditions shall apply, in addition to any other terms and conditions set forth herein. No Service(s) provided in the states of Maine, New Hampshire or Vermont are included as Qualifying SONET Services and, accordingly, any sale of the assets or stock of the Verizon Operating Telephone Company providing service in those three states will not trigger the application of this Section 15.

For the year of the Term in which the sale occurs, the following adjustments will occur:

- (a) The Floor and Ceiling of each of the SONET TBR Growth Ranges (excluding the Floor of Tier A) and TBR credits set forth in Table 1 in Section 6 preceding shall be reduced by the SONET Acquisition Reduction Percentage (as defined following);

The SONET Acquisition Reduction Percentage shall be calculated for the Qualifying SONET Services as follows:

- i. calculate the MRCs which have been paid in full for Qualifying SONET Services purchased by Customer from the Acquired VZ Telco during the twelve (12) months prior to the time that Verizon ceases to provide the Service(s);
- ii. divide the MRCs in (i) preceding by the total MRCs for Qualifying SONET services purchased by Customer during the twelve (12) months prior to the time that Verizon ceases to provide the Service(s);
- iii. prorate the SONET Acquisition Reduction Percentage calculated in (ii) preceding by multiplying the SONET Acquisition Reduction Percentage by the number of days in the applicable year of the Service Period left after the date of Acquisition divided by three hundred sixty five (365).

For Example:

- Assume Verizon sells VZ Telco X during the first year of the Term. Sale is finalized with seventy-three (73) days remaining in the first year of the Term.
- The Customer's MRCs which have been paid in full for Qualifying SONET Services purchased from Telco X during the previous 12 months = \$6M
- The Customer's MRCs which have been paid in full for Qualifying SONET Services purchased from all Verizon Telcos during the previous 12 months = \$30M
- The SONET Acquisition Reduction Percentage is 20%, calculated as follows: $\$6M/\$30M = 20\%$
- The prorated SONET Acquisition Reduction Percentage is 4%, calculated as follows: $20\% \times 73/365 = 4\%$
- Plan year 1 SONET TBR Growth Ranges and TBR Credits as defined in Table 1 preceding are reduced by 4%

For each year of the Term subsequent to the year of the Term in which the sale occurs, the Floor and Ceiling of each of the TBR Growth Ranges as well as the TBR Credits as defined in Table 1 preceding will be reduced by the full SONET Acquisition Reduction Percentage.

16. **Disputes** - In calculating the TBR Credits, all of the following requirements shall apply:

- a. Subject to Section 16.d following, Verizon shall not include in the calculation of the TBR Credits any Disputed Charges remaining as of the thirtieth (30th) calendar day following the end of each quarter or year, as applicable, of the Term.
- b. For the purpose of calculating the TBR Credits, Verizon shall not include in MRCs any credits or debits for Service(s) provided during any periods prior to the Term (regardless of whether such credits or debits were the result of a valid dispute by the Customer or were the result of a billing error by Verizon).
- c. With respect to any dispute for Qualifying SONET Services, the Customer must provide sufficient claim detail to enable Verizon to appropriately assess the dispute, including but not limited to, the Billing Account Number (BAN), circuit ID, USOC detail, amount in dispute, and a full explanation regarding why the Customer believes it was billed in error.
- d. One hundred eighty (180) days after the end of each year of the Term, Verizon shall do a one-time recalculation of the Actual Annual Revenue, taking into account additional amounts that may have been paid in full (e.g., amounts that were previously Disputed Charges) in respect of the Qualifying SONET Services for that year of the Term in accordance with the terms of this Attachment [13]. If, as a result of this recalculation, Verizon determines, and Customer agrees, that Customer was provided a TBR Credit it should not have been provided, or is entitled to a different TBR Credit than the amounts determined in Sections 7, 8 and 9 preceding, Verizon will make the necessary credit or debit to Customer's account by no later than sixty (60) days after the date of such determination.
- e. Beyond one hundred eight (180) days after the end of each year during the Term, Customer may continue to submit claims to Verizon with regard to MRCs for the Qualifying SONET Services billed by Verizon during each year of the Term, and Verizon may continue to bill Customer with regard to MRCs for the Qualifying SONET Services during that year, in each case consistent with the terms of the Agreement.

f. After payment of the TBR Credits, including any adjustment that may occur as set forth in accordance with Section 16.d preceding, the Customer and Verizon shall continue to negotiate and resolve all Disputed Charges.

g. Upon resolution of any such disputes remaining or raised more than one hundred eighty (180) days after the end of each year of the Term, amounts may be credited to the Customer if the Customer prevails, however notwithstanding anything to the contrary herein, there shall be no adjustment to the TBR Credits and the same shall apply regardless of the outcome of any Disputed Charges, nor shall there be any adjustment to the TBR Credits as a result of any amounts billed by Verizon to Customer and paid in full more than one hundred eighty (180) days after the end of the applicable year of the Term.

h. The Annual True-Up and final TBR Credits, as determined by Verizon and agreed to by Customer, are not subject to dispute; provided, however, that the foregoing prohibition against disputing the TBR Credits shall not be deemed to apply in a situation where Verizon applies a TBR Credit that does not match the mutually agreed upon TBR Credit.

i. The amount of the TBR Credits shall in no event be subject to any late payment, interest, or penalty.

j. The parties recognize that the NDP, CMRS Price Flex and this Attachment [13] represent a three part custom solution that builds upon the existing tariffed NDP. Specifically, the parties recognize that the interrelationship between the CMRS Price Flex and this Attachment [13] (e.g., dispute periods, quarterly payments, timing of true-ups, etc.) is such that resolving any disputes that may arise under the CMRS Price Flex should be coordinated with the process to resolve disputes hereunder. Accordingly, and not in limitation of any other rights the parties may have to otherwise pursue their claims, the parties agree that they will in the first instance utilize the dispute resolution procedures set forth in Section 38 of the Agreement to resolve disputes that may arise under the CMRS Price Flex as well as under this Attachment [13].

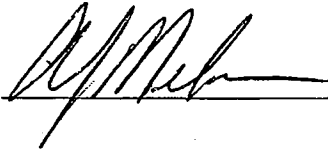

17. **Additional Conditions** – Except to the extent specifically described in this Attachment [13], the terms and conditions set forth in the Agreement, and any applicable Amendments, Attachment(s), Schedules, or Exhibits thereto will continue in full force and effect throughout the term of this Attachment [13].

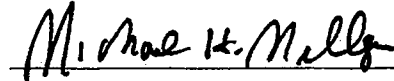

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

In confirmation of their consent and agreement to the terms and conditions contained in this Attachment [13] and intending to be legally bound hereby, the Parties have executed this Attachment [13] as of the Trifacta Approval Date and effective as of the Effective Date.

**FIRST AMENDMENT
TO ATTACHMENT 13 TO
THE
VERIZON PARTNER SOLUTIONS
MASTER SERVICES AGREEMENT**

This First Amendment (this "**Amendment No. 1**") to Attachment 13 (Verizon Wireless SONET TBR), entered into as of the Trifecta Approval Date, and made effective as of the Effective Date (as defined therein), to that certain Verizon Partner Solutions Master Services Agreement (the "**MSA**"), dated as of March 19, 2007, by and between Celco Partnership d/b/a Verizon Wireless ("**Customer**") and Verizon Services Corp., on behalf of the Verizon operating telephone companies identified on Attachment 1 thereto (individually and collectively, "**Verizon**") is entered into this 25th day of January, 2008, and made effective as of the Effective Date (as defined above) ("**Amendment No. 1 Effective Date**"), by and between Customer and Verizon. In the event of any conflict between the terms of the MSA or any applicable Attachment thereto and the terms of this Amendment No. 1, the terms of this Amendment No. 1 shall control. Capitalized terms not defined herein shall have the meaning ascribed to them in Attachment 13 or the MSA, as applicable.

In consideration of good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

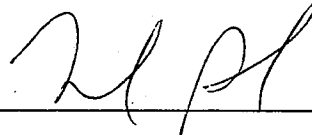

1. **AMENDMENT TO SECTION 2.** As of the Amendment No. 1 Effective Date, Section 2 of Attachment 13 is amended to delete "December 31, 2015" and to replace it with "January 31, 2016".
2. **NEW SECTION 12.** As of the Amendment No. 1 Effective Date, Section 12 of Attachment 13 is replaced in its entirety by new Section 12 as follows:

"12. **Network Expansion Credit.** In addition to the SONET TBR Base Credit and the SONET TBR Revenue Growth Credit provided under this Attachment 13, Customer shall be eligible to receive an additional credit ("**Network Expansion Credit**") hereunder. The Network Expansion Credit shall equal the difference between the FTTC Credit actually paid under the CMRS Price Flex transaction and what the FTTC Credit under the CMRS Price Flex transaction would have been if special construction charges billed pursuant to an effective Special Construction Case filed in Verizon Tariff FCC No. 21 with respect to provisioning special access DS1s or DS3s to cell sites had been aggregated with the non-standard premises charge (NSP) thereunder. The Network Expansion Credit shall be credited against the same Customer BANs utilized to provide the SONET TBR Base Credit and SONET TBR Revenue Growth Credit, paid on the same schedule as the FTTC Credit under the CMRS Price Flex, and subject to modification, consistent with the previous sentence, as a result of any reductions, true-ups, refunds, credits or debits with respect to the FTTC Credit required under the terms of the CMRS Price Flex. Notwithstanding any provision of this Attachment 13 to the contrary, the terms of this Section 12 shall run concurrently with the term of the CMRS Price Flex transaction and shall survive the termination of this Attachment 13."
3. **OTHER TERMS AND CONDITIONS.** Except as specifically amended hereby, all other rates, charges, terms, and conditions of Attachment 13 to the MSA shall remain in full force and effect.
4. **COUNTERPARTS.** This Amendment No. 1 may be executed in counterparts, each of which shall be an original, but all of which shall together constitute one and the same document.

IN WITNESS WHEREOF, the parties have entered into this Amendment No. 1 as of the day and year first hereinabove written.
