RE: LSN and Replacement Pages for Docket # UW-080631

Dear Ms. Washburn:

On April 14, 2008, H&R Waterworks, Inc., (H&R or Company), filed with the Utilities and Transportation Commission (commission) tariff revisions.

WAC 481-110-425 requires thirty days' notice to customers prior to the effective date of the tariff. The tariff sheets bear an issue date of April 11, 2008, and an effective date of June 1, 2008. This date recognizes the required 30-day statutory notice. The Company requests less than statutory notice because the revised rate design agreed on between Company and Commission Staff is significantly different from what was originally noticed to customers, for example, a third usage block being added.

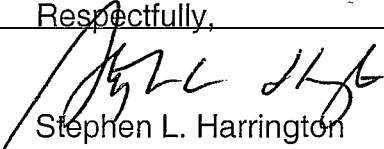

WAC 481-110-425 requires notice to customers or publication of the increase sought in this filing. Granting the Company's less than statutory notice request also requires an exemption from WAC 481-110-425. For the same reason the Company identified for seeking less than statutory notice, the Company seeks an exemption from the notice requirements.

Since the proposed tariff revisions appear to be fair, just, reasonable and sufficient, and less than statutory notice is consistent with the public interest, it is appropriate that the Commission grant the Company's request.

In addition to a LSN petition request, we would like to have the following pages be submitted as replacement pages for Docket # UW-080631.

If I can be of any further assistance, please contact me at 360-239-2694 or 360-357-3277.

Respectfully,

Stephen L. Harrington
President
