**Re: 2009 Hazardous Liquid Standard Inspection - SeaTac International Airport Terminal**  
**Ref. No. Docket PL-090042**

Dear Ms. Soiza:

This firm represents SEATAC Fuel Facilities LLC, a Delaware limited liability company ("SEATAC"). SEATAC leases from the Port of Seattle the fuel terminal at Seattle-Tacoma International Airport that is the subject of your May 6, 2009 letter to Mr. Frank J. Grolimund of Swissport Fueling, Inc. Swissport Fueling, Inc. is a Delaware corporation that serves as the operator of the fuel terminal leased by SEATAC.

In your letter to Mr. Grolimund, there are twelve probable violations identified by the pipeline safety program with respect to the fuel terminal. Working with the operator, Swissport Fueling, Inc., SEATAC Fuel Facilities LLC wishes to gather additional background information and also wishes to coordinate with Swissport, the Port of Seattle and Olympic Pipe Line to ensure a comprehensive response that contains a full analysis of each identified matter. Communicating with all of these parties and organizing the pertinent information will take considerable time and effort.

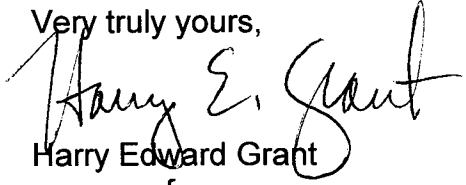

Accordingly, SEATAC Fuel Facilities LLC requests an extension of thirty days to respond to the probable violations contained in your letter to Swissport Fueling, Inc. dated May 6, 2009. Please advise me as to whether the WUTC's pipeline safety program will agree to the requested extension until July 8, 2009.
