Ref. No. Docket PG-090076

December 23, 2009

Don Kopczynski  
Vice President – Operations  
Avista Utilities Corporation  
East 1411 mission, MSC 20  
PO Box 3727  
Spokane, WA 99220-3727

Dear Mr. Kopczynski:

**RE: 2009 Standard Inspection – Pullman/Clarkston, WA**

Thank you for your letter dated December 15, 2009, responding to our follow-up letter related to the inspection of Avista Utilities Corporation (Avista) facilities in Pullman and Clarkston, Washington conducted in June 2009.

We accept your proposal to make improvements to the Avista Atmospheric Corrosion Prevention Program training document no later than March 1, 2010. Please provide the commission with a copy of the revised program training document upon completion.

Docket PG-090076 will be closed as of December 23, 2009. If you have any questions, or if we may be of any assistance, please contact Patricia Johnson at (360) 664-1266.

Sincerely,

David D. Lykken  
Pipeline Safety Director

cc. Mike Faulkenberry, Avista Utilities  
Jody Morehouse, Avista Utilities
