Century Link Business

[REDACTED] is requesting additional DIDs to support growth on campus. Our need is for 1800 DIDs to be used for E911 purposes and will be assigned to the PSALI database.

We request one prefix that can accommodate this range of internal numbers:

[REDACTED]

We would like the numbers to have the same prefix so that it fits within current internal dialing plan. We would appreciate receiving these numbers by November 15th, 2011.

Thank You
