RE: Docket UE-112133, Filing of Comments of the Interstate Renewable Energy Council on the Utilities and Transportation Commission's Proposed Rulemaking on Generator Interconnection Procedures

Dear Mr. Danner:

Attached for filing in the above referenced docket are the **Comments of the Interstate Renewable Energy Council on the Utilities and Transportation Commission's Proposed Rulemaking on Generator Interconnection Procedures**. This document is being submitted via the Commission's Web portal at www.utc.wa.gov/e-filing. *Freeing the Grid 2011* and *IREC's Model Interconnection Procedures* are attached by reference with a website link in these comments; for convenience, six hard copies of each have been mailed to the Commission.

Thank you for your assistance.

Sincerely,

Jason B. Keyes
