Dear Sir:

Gold Beach Water Company wishes to revise our current tariff with the Commission. We are requesting this tariff filing to help cover increased operational costs. In 2013, we had a net loss of \$ 2,307. on our Income Taxes. Our customers are conserving water, therefore, we are pumping less water and that creates a large loss in Revenue. As a small company, we are requesting that our Rates Design stay the same with 500 cubic feet of water to be included in the Basic Rate each month. We are adding \$3.75 a month to the Base Rate or \$45.00 per year @ 196 customers = \$8,820.00 per year for a 13% increase to the Base Rate. All other mid and high level cubic feet usage categories to stay the same. Our last rate revision was on July 1, 2006 - 8 years ago.
