Re: Docket TV-150038, dated January 5, 2015
Application for HHG Operating Authority by Eagle Moving LLC

Mr. Danner:

It has come to our attention that a Bremerton-based moving company is seeking HHG Authority under a name very similar to ours. We are concerned that the similarity of name will cause confusion for customers.

Eagle Transfer Company (formerly Eagle Livery) has been in existence since 1903, services a large portion of the state, and works hard to maintain its good name. We do not want a situation where issues such as consumer complaints, compliance violations, and/or credit problems could be inadvertently linked to us. Therefore, we respectfully request, in accordance with WAC 480-15-390, that the application by Eagle Moving LLC be denied, and they be asked to submit under a different name.

Sincerely,

A handwritten signature in black ink, appearing to read "JL", is written over the printed name of the sender.
