To Whom It May Concern:

Please note; effective July 26, 2013 RIO NETWORKS/UMPQUA TELECOM SERVICES CORP. was acquired by ORIGIN NETWORKS, LLC and is DBA INFOSTRUCTURE.

This was an asset only purchase and the entity FKA UIDC and RIO NETWORKS is no longer granted business authority as a registered Telecommunication Company – all State and Federal certifications have been granted to ORIGIN NETWORKS, LLC.

Please let me know if you have any further questions.

Best Regards,
