RE: Tariff Submittal, Tariff Number 23, for Murrey's Disposal Co., Inc./Olympic Disposal, G-9.

Dear Mr. King:

Our Company has been notified by the City of Port Angeles that the tipping fee in Clallam County will increase from \$147.31 to \$155.82 per ton, a 5.8% increase, per Ordinance No. 3243, page 5, Section 2, 13.57.020 Rates, attached. This will increase revenue and expense for the residential customers by \$48,400 (2.1%); commercial customers by \$28,600 (2.7%); and drop box service by \$36,900 (5.8%) for a 12-month period. There are approximately 8,080 residential, 730 commercial and 45 drop box customers affected by this change.

Our Company was also notified by Jefferson County that the tipping fee in Jefferson County will increase from \$142.48 to \$146.04 per ton, a 2.5% increase, per Ordinance No. 06-1125-13, page 5, Fee Indexing, attached. This will increase revenue and expense for the residential customers by \$6,000 (.93%); commercial customers by \$8,000 (1.2%); and drop box service by \$3,900 (2.5%) for a 12-month period. There are approximately 2,700 residential, 500 commercial and 30 drop box customers affected by this change.

The last general rate increase for Olympic Disposal was approved by the Commission, June 1, 2011.

As instructed by the UTC staff during the audit of TG-132227 and TG-132228 these audited calculations have been updated with the increase in tipping fees, no changes to tonnage or customer count have been made.

Attached are revised pages as well as supporting documentation to justify this increase. If these rates are approved by the Washington Utilities and Transportation Commission they will become effective January 1, 2016. Pursuant to WAC 480-70-271(2) (iii), affected customers will receive notification of the change on the first billing reflecting the revision to rates.

We also request that the Commission, on its own Motion under WAC 480-07-370 (b), allow this disposal fee filing as an exception to the general rate case workpaper rule at WAC 480-07-520.

If you have any questions regarding this filing, please contact me at (360) 832-8749, email at irmgardw@wcnx.org or Heather Garland at (360) 695-4923, email heatherg@wcnx.org.

Re: Rate Increase Port Angeles Transfer Station

Dear Mr. Kovalenko:

This letter is to advise you that on June 3rd, 2014 the City Council approved new tipping fees at the Port Angeles Transfer Station and Blue Mountain Drop Box Facility for five years. I have attached a copy of Ordinance No. 3507 identifying the new tipping fees.

City Council amended Ordinance No.3507 regarding the tipping fees at the Blue Mountain Drop Box Facility on November 26th, 2014. I have attached a copy of Ordinance No. 3519 showing the revised Blue Mountain Drop Box Facility tipping fees.

The 2016 fees for the Port Angeles Transfer Station and Blue Mountain Drop Box Facility will go into effect January 1, 2016. Per RCW 70.95.212 the City of Port Angeles is meeting the 75 day notice requirement.

If you have any questions or would like to discuss this further, please contact me at 360-417-4872 or tmccabe@cityofpa.us.

Sincerely,

Tom McCabe

Solid Waste Superintendent

Clallam County DF 1-1-2016 Staff Calc Sheet

Note from Heather Garland: The schedule below was prepared by the auditor in TG-132227. All comments/notations are from that audit. The only change that was made was the linking of column M to the "Proposed Rates" tab so the proper starting tariff rate would flow through into this schedule.

Olympic Disposal Clallam County DF Increase 1-1-2016

Test Period October 1,2012 - September 30, 2013

revenue, customer counts and disposal tonnage from the last general rate filing. The information shaded gray was taken directly from the final audited file in TG-132227 as there has not been another general rate filing since clallam's DF increased on 2-1-2014. Columns O-S were updated to reflect the increase as a result of the new DF increase

STATE OF WASHINGTON COUNTY OF JEFFERSON

An Ordinance to Establish Revised Fees for) Ordinance No.	06-1125-13
The Public Works Solid Waste Division, and)	
To Adopt Amendments to the Jefferson)	
County Code)	

WHEREAS, Ordinance No. 06-0726-93 was adopted in 1993 to establish per ton and per unit base fees for the Solid Waste Division (Solid Waste) of the Public Works Department, Jefferson County (County); and

WHEREAS, Ordinance 12-1209-96 was adopted that, in part (Section 2), amended the solid waste tax of Ordinance 06-93; and

WHEREAS, Ordinance 03-0405-04 was adopted to establish fees for the Solid Waste Moderate Risk Waste Facility; and

WHEREAS, Ordinance 09-0922-08 was adopted to amend the Jefferson County Code (JCC) section III-020 to add a fee for yard debris delivered to the City of Port Townsend (City) Biosolids Composting Facility, which fee is collected and managed on behalf of the City by the County at the Jefferson County Transfer Station scale-house; and

WHEREAS, solid waste base fees have not been increased since their adoption in 1993; and

WHEREAS, increased quantity of material disposed through 2006 and operational efficiencies allowed the imposition of higher fees to be postponed; and

WHEREAS, solid waste tonnage fell by 17 percent from 2006 to 2011 and has remained at that level, and the consequent reduction in revenue combined with rising costs have required Solid Waste Funds reserves to be drawn down in order to balance annual budgets; and

WHEREAS, the Solid Waste Funds balances are now reduced to minimum levels consistent with prudent fiscal guidelines and can no longer be used to balance annual budgets; and

WHEREAS, the solid waste community is predicting a slow recovery in the economy with consequent low growth in tonnage disposed, and that revenue growth is therefore likely to lag cost inflation; and

WHEREAS, Solid Waste staff (Staff) has completed an analysis of solid waste operations, projected costs and fees; and

WHEREAS, Staff presented the findings of that analysis to Port of Port Townsend and County Public Health staff on May 7, 2013; to City staff on May 9, 2013; to the County Solid Waste Advisory Committee (SWAC) on May 23 and June 27, 2013, and to the County Administrator on July 23, 2013; and

WHEREAS, Staff reviewed the findings of that analysis with the Board of County Commissioners (Board) at a briefing on September 16, 2013 that was open to the public; and

WHEREAS, Staff presented the findings of that analysis, recommendations for higher waste disposal fees, and a Draft Ordinance to enact proposed higher fees to the Board during a regularly scheduled and duly noticed Commissioners meeting on Monday, October 21, 2013 and requested a Public Hearing on the proposed fees; and

WHEREAS, the Final Ordinance to enact higher fees was presented to the Board for approval and signature at a Public Hearing on November 12, 2013 and that Public Hearing was duly-noticed and open to the public; and

WHEREAS, The Department of Public Works has now proposed changes to the Jefferson County Code (JCC) to implement new fee schedules for solid waste collected and managed at the Jefferson County Transfer Station, at the Quilcene Drop Box Site, and at the Moderate Risk Waste Facility, codified at Appendix FEE SCHEDULES, Section III of the JCC; and

WHEREAS, No changes are proposed to the fees charged for yard debris delivered to the City Biosolids Composting Facility,

NOW, THEREFORE, BE IT ORDAINED by the Board of County Commissioners of Jefferson County as follows:

SECTION 1. Fee Schedules: The current version of the Jefferson County Code (JCC), Appendix FEE SCHEDULES Section III, is hereby repealed and replaced with the attached version of the JCC, Appendix FEE SCHEDULES, Section III, marked here as Exhibit A.

SECTION 2. Fee Indexing: The portion of the JCC entitled "Appendix ANNUAL FEE INDEXING" is HEREBY AMENDED to read as follows:

Unless otherwise specified in JCC, Appendix, FEE SCHEDULES, Section III, fixed amount fees established by this appendix shall be adjusted annually on the first business day of January ("adjustment date") by the amount of the increase in the Consumer Price Index (CPIW). The CPIW is the Consumer Price Index – U.S. City Average for All Urban Wage Earners and Clerical Workers, published by the Bureau of Labor Statistics for the United States Department of Labor.

The annual fee adjustment shall be calculated as follows: Each fee in effect immediately prior to the adjustment date will be increased by the percentage increase in the CPIW between the CPIW reported for the month of September preceding the adjustment date and the CPIW reported for the month of September one year earlier. Increases will be rounded to the nearest dollar. A fee shall not be reduced by reason of such calculation. However, fee increases in accordance with this calculation shall not exceed five percent (5%) per year.

Copies of the adjusted fee schedule shall be available to the public at the office of the designated department and will be mailed to any customer upon request. The adjusted fee schedule will show the prior year fees, the CPIW, and the new fee.

SECTION 3. Repeal: The establishment of revised fee schedules by this Ordinance repeals Ordinance No. 06-0726-93 and Ordinance No. 03-0405-04 in their entireties.

SECTION 4. Severability: If any section, subsection, clause, phrase or figure of this Ordinance or its application to any person or circumstances is held invalid, the remainder of the Ordinance or the application to other persons or circumstances shall not be affected.

SECTION 5. Effective Date: This Ordinance shall take effect sixty (60) days after adoption by the Board of County Commissioners and publication.

Appendix FEE SCHEDULES [Ord. 13-12]

III. Public Works Department - Solid Waste Division

III-010 Purpose - Scope.

The purpose of this section is to establish a fee schedule for the solid waste division of the Jefferson County department of public works. This schedule shall apply to all fees required by the solid waste division.

III-011 Effective Date

The fees listed in Sections III-020 through III-050 shall go into effect on the first business day in January 2014 (or sixty days after the enacting Ordinance is adopted and published, if later). Fees will be adjusted annually through 2019 as provided for in Section III-012 of this schedule.

III-012 Fee Indexing

The base (pre-tax) solid waste disposal fees established by this Appendix Part III for Public Works Solid Waste Division with the exception of the minimum charge (III-020(4)), environmental fee (III-020(3)) and yard debris fee (III-020(6)) shall be adjusted on the first business day of 2015 and annually thereafter for a period of five (5) years, by a percentage increase of 2.5%. The WA State solid waste collection tax of 3.6% shall be added to the adjusted base fees where applicable.

The percentage increase of 2.5% is calculated to maintain minimum specified reserved balances in the solid waste funds, measured by the following benchmarks:

- A reserved Capital Fund balance at year-end, projected in September of that year, of 12% of then current capital replacement value in equipment and buildings, excluding any GO bond funds, and
- A reserved Operations Fund balance at year-end, projected in September of that year, of 15% of the annual total solid waste expenditures, and
- An increase in the annual waste tons received of no less than 1% per year with 2013 as a base year.

An increase over the annual percentage rate fee increase of 2.5% that is necessary for the Fund reserved balances to meet the stated benchmarks shall be subject to review, approval and adoption by Resolution of the Board of County Commissioners.

Copies of the fee schedule shall be available to the public at the Public Works office and will be mailed to any customer upon request. The adjusted fee schedule will show the prior year fees, the annual percentage increase, and the new fees.

III-020 Solid Waste Disposal - Transfer Station Commercial and Noncommercial Rates.

The solid waste collection tax, where applicable, will be added to the base fees as shown below:

		<u>2014</u>	<u>2014</u>
		Base (pre-tax) fee	Fee with tax
(1)	Solid waste disposal rate	\$139.00 / ton	\$144.00 / ton
(2)	Asbestos disposal rate	Not accepted	Not accepted
(3)	Refrigerators	\$139 / ton + \$20 environmental fee	\$144 / ton + \$20 environmental fee
(4)	Minimum charge (flat fee)	\$9.65	\$10.00
(5)	Non-disposal weight charge	\$5.00	not taxed
(6)	Yard debris		
	Loads 200 pounds or less	\$5.00	not taxed
	Loads more than 200 pounds	\$48.00/ton	not taxed

Yard debris shall only include grass clippings, leaves, tree branches not over eight to 10 inches in diameter and less than eight feet long, and other plant material, but excluding stumps, kitchen scraps, food waste, dimensional lumber, rocks, gravel, dirt, lawn furniture, tools, or other non-vegetative material. Acceptable yard debris shall be dropped off at a point designated by the City of Port Townsend staff.

In the event the weight scales are inoperative, the rates for the solid waste disposal drop box site listed in Section III-030 shall apply to loose waste and other items; commercial compacted waste shall be charged based on average load weights for each route, determined for the immediately preceding calendar month, and by mutual agreement with the commercial haulers.

III-030 Solid Waste Disposal Drop Box Site (Quilcene).

The solid waste collection tax, where applicable, will be added to the base fees shown below:

	<u>2014</u>	<u>2014</u>
	Base (pre-tax) fee	Fee with tax
(1) One 32-gallon container	\$5.79	\$6.00
(2) Loose garbage:

(8)	White goods	\$15.44	\$16.00
(9)	Refrigerators	\$28.96	\$30.00

III-040 Hours of Operation.

The Solid waste disposal transfer station, Drop box site, Moderate risk waste facility and Recycle center hours of operation shall be set by the Director of Public Works with approval by the Board of County Commissioners.

III-050 Moderate Risk Waste Disposal Facility.

Tax, where applicable, will be added to the base fees shown below:

- (1) This base fee schedule shall apply to the processing and disposal of moderate risk waste materials brought to the facility by businesses classified as conditionally exempt small quantity generators (CESQGs) in 40 CFR 261.5.
- (2) The base fees include all labor and materials, facility overhead, and shipping and final disposal costs.
- (3) A minimum charge, at the rate shown, will be made when the calculated total fee per customer visit is less than that minimum amount.
- (4) Charges for CESQG waste material types not listed will be charged at a rate determined from the sum of the waste disposal fee (shipping and disposal charge) obtained from the county's disposal contractor plus a processing charge at the hourly rate shown in the table below.
- (5) No fee shall be charged for household hazardous waste obtained from the general public.

Jefferson County Board of Commissioners Agenda Request

To:

Board of Commissioners

Philip Morley, County Administrator

From:

Monte Reinders, P.E. M

Public Works Director/County Engineer

Agenda Date:

November 25, 2013

Subject:

Final Solid Waste Division Fee Ordinance - Revisions to Public

Works Solid Waste Division Fee Schedules and Amendments to the

Jefferson County Code

Statement of Issue:

A Public Hearing was held by the Board of Commissioners at 11:00 am on Tuesday, November 12, 2013 during which public testimony concerning the proposed Solid Waste Division Fee Ordinance was taken and considered by the Board. Following questions and discussion, the Board directed staff to change the fee ordinance to exclude the transfer station minimum charge for 2014 from the 2.5% annual fee increases proposed for years 2015 through 2019, the purpose to mitigate the fee increase and to simplify cash handling at the scales.

The Board also moved and approved that staff reschedule the revised Fee Ordinance on a future Consent Agenda.

Analysis/Strategic Goals/Pro's & Con's:

The Solid Waste Enterprise Fund is managed as a business to provide municipal and hazardous waste disposal, recycling services and associated services to County and City of Port Townsend residents. This function is mandated by RCW 36.58 Solid Waste Disposal and RCW 70.95(A-N) Solid Waste Management, Reduction and Recycling. Public Works currently provides a level of service that implements the regulatory requirements, supported by the Jefferson County Solid Waste Management Plan, and is available to all citizens of Jefferson County.

Fiscal Impact/Cost Benefit Analysis:

The Solid Waste Disposal Fees that were enacted in 1993 and 2004 are no longer sufficient to cover the costs of providing the defined level of service. Solid Waste Fund reserves have been reduced to minimum fiscally responsible levels. The proposed fee schedules for 2014 will enable revenues to pay for anticipated operating costs and continue current services. An annual percentage increase in specified fees through 2019 is proposed to keep pace with projected cost inflation and will also contribute to essential capital facilities refurbishing and replacement. Benchmarks are proposed to allow actual and projected Fund performance to be monitored.

Recommendation:

Public Works requests the Board to review the changes made to the proposed Ordinance following the Board's direction, and to enact the proposed Ordinance and fee schedules as presented.

October 1, 2012 - September 30, 2013

NOTE from Heather Garland: As instructed by the auditor in TG-132228 we used the revenue, customer counts and disposal tonnage from the last general rate filling. The information shaded gray was taken directly from the final audited file in TG-13228 as there has not been another general rate filling since Jefferson's DF increased on 2-1-2014. Columns 1-P were updated to reflect the increase as a result of the new DF increase amount.
