IMPORTANT NOTICE

September 9, 2017

Queen Ann Water Works LLC. has filed for approval to be regulated by the Washington State Utilities and Transportation Commission (WUTC). If approved, Queen Ann Water Works LLC. will be regulated by the WUTC effective November. 15, 2017.

Queen Ann Water Works LLC. requires a stable revenue stream to help achieve financial viability. The Department of Health has strongly suggested that we file to become a regulated company with the WUTC. To this end Queen Ann Water Works LLC. petitioned to become a regulated company with the WUTC and filed an initial tariff, which includes rates for service.

If the tariff is approved by the commission, the present flat rate of \$47.00 per month will continue until January 1, 2018. Then the metered rate, shown below, will start:

Base	Block 1		Block 2		Block 3	
Allowance Rate	Usage (Max.)	Rate	Usage (Max.)	Rate	Usage (Max.)	Rate
\$40.00	2,000 (Gal.)	\$1.40	3,000 (Gal.)	\$2.00	3,501 (Gal.)	\$2.50

Any subsequent rate request will be subject to commission review and public comment.

If you have questions about the proposed filing and how it will affect you, please call Queen Ann Water Works LLC. at H2O Management Services, Inc. at (360) 427-0654.

You can comment on this transaction by using the "Submit a Comment" feature at the commission's web site, utc.wa.gov, or by using the contact information below.
