Subject: Deavondia Taylor, Commission appearance April 11 201, Room 206

Per our conversation, I would like to respectfully request that the appearance date of (April 11 2018) be adjusted to a later date as I planned to be out of the country from April 10-16. I would like to say that i have had these plans for about a month now & would truly appreciate if we could work out a change of date for the hearing. I can provide my itinerary with purchase date if that will help.

I also want to let you know I have formally received your subpoena & will be very much so in compliance until I get this taken care of. Some steps I have already taken to do so are, changing the wording i www.IHeartMovers.com in regards to us providing a truck or driving a truck also. I do not personally have control over the www.seattlelocalmovingcompany.com but i will also be reaching out to them & anywhere else the company name has been & will be making clear that we do not provide and service anything more than labor assistance.

I'd like to apologize also, my mailing situation at 1424 address has been not so good as people burglarize the mailbox there. The burglaries led to a change of address that was unfortunately submitted with the wrong address. I submitted for mail forwarding but it has not been as efficient as id had hoped & alot of my mail has been lost.

In closing I would like to say thank you for any leniency given in this matter & also thank you for working with me closely to assist me in making sure my company is in complete compliance moving forward.
